

Productsheet

SR Products x Lasa Marble

A limited edition of 100 created for the launch of SR Products and the iconic SR-L-01.

This limited edition uses a broken marble base from the marble quarry in Lasa as the base.

Each piece is of course broken differently - each piece is unique.

CARE GUIDE

Always unplug the power cord before cleaning or servicing. Clean only with a damp cloth. Before cleaning, the material compatibility should be tested on an inconspicuous area.

BRUSHED STAINLESS STEEL

Daily cleaning can be done by wiping with a clean dry cloth. Should the surface need more attention, this can be cleaned with water and a mild detergent or soap applied with a damp cloth. Wipe afterwards with a clean dry cloth. Do not use acidic or alkaline cleaning materials, glass cleaner or household ammonia. Use only soft cloth for wiping and polishing, never use sponges or metal scrubs. always wipe in the direction of the structure.

MARBLE

With an elegant and crystalline look, the veining of our Marble ensures that each and every product is one of a kind. For regular cleaning, the product should only be cleaned with a dry soft cloth.

DISCLAIMER

The information included in these materials is a guidance on the proper care and maintenance of our products, but this guidance cannot be considered a guarantee of specific results. We are not liable for any damage resulting from care and maintenance activities. Information from suppliers of chemicals and cleaning solvents, including but not limited to label instructions, should always be followed.
