**SPECIFICATION SHEET**

**TKO+** is especially formulated with "Odor Counteractant" that has the ability to instantly neutralize bad odor and is a highly concentrated suspension of bacterial spores. The cultures have been mutated to be especially effective in degrading sewage wastes. These bacterial spores produce vegetative cells that function aerobically and anaerobically. The recommended solution restores a balanced performance in the sewage performance in the sewage system, and reduces the effect of shock caused by harsh or toxic chemicals. In addition, **TKO+** contains compatible surfactants that not only help emulsify fats and oils, but also help the bacteria penetrate and liquefy solid accumulations in elbow, bends, joints, etc.

MICRO-BIOLOGICAL PROPERTIES:

General: **TKO+** biologically eliminates sulfur and other obnoxious odors, reduces COD and BOD, reduces suspended solids, and enhances the biological actions in activated sludge. **TKO+** is free of vegetative cells which have a very limited shelf life (both non-pathogenic and pathogenic).

Specific:

Plate Count .....	<b>67.5 million CFU/ml (Competitors have 50 million CFU/ml)</b>
Type of Microbial .....	Multiple Bacillus spp.
Form .....	99+% Spores
Number of Strains .....	<b>7 Strains (Competitors have 3 to 4 strains)</b>
Bacterial Enzyme Production .....	Amylase/Protease/Lipase/Esterase/Urease/Cellulase/Xylanase
Facultative Microorganisms .....	Growth with or without the presence of oxygen
Surfactant Type .....	Biodegradable, Anionic
Gram Negatives .....	Less 10/ml
Salmonella .....	Negative
E. Coli .....	None
Pseudomonas .....	None
Toxicity .....	None
Shelf Life .....	Over 2 Years

PHYSICAL PROPERTIES:

Form .....	Liquid
Specific Gravity .....	1.000
Color .....	Opaque White
pH .....	6.00 - 8.00
Acids .....	None
Alkalies .....	None
Flash Point .....	None
Temp. Range .....	40° F to 100° F

**BIO-ENZYMATIC NEUTRALIZER**

- ALL-IN-ONE | READY TO USE
- MULTI-SURFACE ♦ MULTI-PURPOSE
- ALL NATURAL ♦ BIODEGRADABLE
- ECO-FRIENDLY

**TKO+** provides an excellent breakdown of body secretions, starch, carbohydrates, protein, grease, oil, blood, urine, feces, vomit, and rancid bacteria in drains.

Use it in commercial and home type laundries. It is also good for cleaning floors, walls, toilets, urinals, sinks, and all types of fixtures and surfaces not damaged by water.

It kills odors instantly and removes the lingering odor from uric acid and more.

**Use on Carpets and Hard Surfaces**  
Test on small inconspicuous area before application.

**Pet Stains on Carpets:** Spray **TKO+ UNDILUTED** and liberally to the soiled area. Brush in a circular motion for complete penetration. **Seven strains of all-natural bacteria produces seven powerful job-specific ENZYMES that break down and remove odors permanently.**

**Vomit and Fecal Matter on Carpets:** Remove as much solid material as possible. Spray the affected area with **UNDILUTED TKO+**. Bacteria will produce enzymes that break down and remove odors permanently.

**Dilution Option:** For heavy conditions use **TKO+ straight/undiluted**. For medium-to-light conditions **mix -1- part of TKO+ with 1 part of water.** (visit [www.tkodors.com](http://www.tkodors.com) for more information)

**Laundry Prespotting:** Spray food, blood, grass or other protein stains and wait 30 minutes. Wash laundry as usual.

Never use with chlorine bleach.  
Not for Topical Skin Use.

**TOTALLY KILLS ODORS**

**Knocks Out**

- Stains
- Urine
- &
- More!

**Instant MULTI BIO-ENZYME Cleaner**

Net Contents 1 Gallon - 128 OZ. (3.78 ML)

**Eliminates Blood Urine Feces Vomit Smoke Skunk & More!**

Never use with chlorine bleach.  
Not for Topical Skin Use.

Test on small inconspicuous area before application.

**WARNING**

Can cause serious eye irritation.  
Wash hands thoroughly after handling.  
Wear protective gloves, protective clothing, eye protection, face protection.

**FIRST AID**

If in eyes: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists, get medical attention immediately.

**STORAGE AND DISPOSAL**

Store in cool dry place at room temperature away from direct sunlight. Dispose of contents and container according to the local, city, state and federal regulations.

**KEEP OUT OF REACH OF CHILDREN**

Ingredients: Water, Alcohols, C10-16, Ethoxylated, Sulfates, Sodium Salts, Odor Counteractant, Acrylic Polymer, Microbial Spores, Spice Fragrance; 5-Chloro-2-Methyl-4-Isothiazoline-3-One; 2-Methyl-2H-Isothiazoline-3-One.
