

PACIFIC HYGIENE STAINLESS STEEL INTERLEAVED TISSUE DISPENSER

The Stainless-Steel Interleaved Toilet Tissue dispenser is the ideal combination of durability, functionality and style. The sturdy stainless-steel case incorporates a moulded ABS feeding mechanisms to minimise clump feeding and a keyhole window so you can monitor the levels quickly. Ideal for areas where extra robustness is required or if you are after the aesthetics that come with stainless steel. Key locked for maximum tamper resistance.
