

RUBBERMAID 51CM - 102CM QUICK-CONNECT SHORT EXTENSION HANDLE

HYGEN™ Quick-Connect handles and poles streamline cleaning across all facility areas, effortlessly reaching high spaces. The unique connection mechanism enables easy and time-saving tool exchange. Extension poles, extending up to 101.6cm, facilitate efficient high-reach cleaning tasks. The lightweight aluminum construction ensures improved productivity and is safe for use in MRI rooms.

SPECIFICATIONS:
Quick-Connect Adapter (FGQ70100BK00) allows use of Quick-Connect handles and poles with any standard threaded tool
