About Us

"Wading through such uncertain times and pushing through a crucible of obstacles, Mr. Pradeep Kumar Jaiswal and Mr Prateek Jaiswal now introduce Vintages International to the world, under the brand name QAAALEEN.

Vintages International is an organization with more than 60 Years of experience in the handmade Carpet Making business. It is one that promises to deliver on quality. Today the Velvet Carpet Group is proud to have 500 looms affiliated to it and with 2000 master craftsmen who have been weaving carpets for generations. The family business is running in its 3rd generation with compassion and innovation.

The company is proud of an R&D department, which is always on a constant endeavour to create new designs, colours, weaves and textures. At Vintages we believe in using only the best of the raw material to ensure longevity of the product. The yarn that is used of the Highest Grade which creates a natural striation giving a beautiful patina to the rug. Materials like Handspun with NewZealand Wool, Handspun with Lincoln Wool, Semi-worsted NewZealand Wool; The softest and lustrous of Pure Silks, Viscose and Bamboo Silk is used in our carpets which shines through in the final product. All the processes of carpet making is done by skilled artisans by hand. A legacy of 66 years in the business, making carpets that are trend setters in the highest echelons of the carpet world is Vintages International."

Vision

To bring together timeless craftsmanship, artistic patterns and modern designs to create exceptional pieces of furnishing, which add to the glamour and lifestyle quotient of the discerning customer's habitat.

Mission

To be a sought after destination for those who crave for uniqueness and quintessential charm and as a creative brand be able to continuously create value by crafting objet d' art for those that want to have differentiation with a touch of artistic class as their style statement.

Core Values

- Every creation has to be inspiring and artistic in expression to tell a story to those who aspire to own them.
- Every design should make one visualize the extent of the artisan's thought journey and the depth of its richness.
- Every pattern should be the spine of the design to give the creation a look that seamlessly cuts across age and time.
- Every shape that forms objet'd'art must be a medium that styles the creation and adds glamour to glorify the habitat.
