

BUILDINGS for YOUR BACK YARD

Quality

CRAFTED IN LANCASTER COUNTY, PA

Our barns and sun rooms are built in Lancaster County by Amish craftsmen. Each building is manufactured with the same attention to detail that has proved to last for generations.

SITE PREPARATION

There is no foundation needed. All you need is a firm, flat, level area with 4" of $\frac{3}{4}$ " crushed stone or a concrete slab. Your barn will be pre-built and delivered by a truck and trailer. Please make sure there is plenty of room for the truck to access your site. If your preferred site is inaccessible by truck, our barns can be assembled on site.
