## Safety and Warnings

### Intended Use

NETTA Design is for domestic and indoor use only. This product is not intended for use by people who have lack of experience and knowledge or have reduced ability, or sensory and mental capabilities.

### Regular Check-Ups

Ensure the power cable and plug are not damaged before plugging into a socket.

Check all the knobs are functioning correctly.

## Safety Warnings

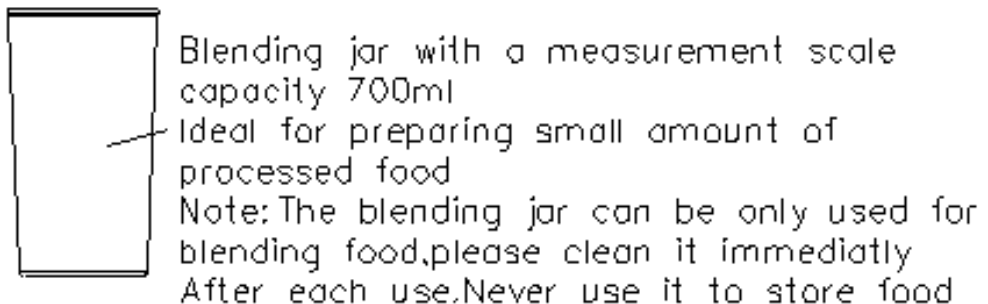

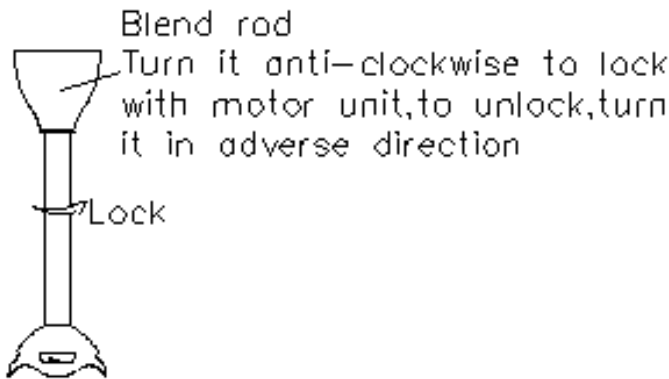

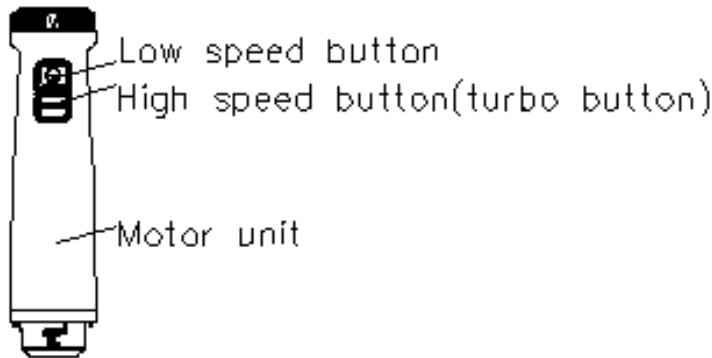

- Read all instructions.
- Check the voltage of the wall outlet corresponds with the one shown on the rating plate.
- Do not use this product if it has a damaged cord or plug, or after the appliance is dropped or damaged in any manner.
- If the supply cord is damaged it must be replaced by the manufacturer.
- Always disconnect the blender from the supply if it is left unattended and before assembling, disassembling, or cleaning.
- Do not let the cord hang over the edge of a table or surface.
- Do not immerse the upper part of the blender into water and this may cause electric shock.
- Close supervision is needed when the appliance is being used around children.

## Safety Warnings

- Avoid contact with moving parts.
- Keep hands and utensils out of the container whilst blending to reduce the risk of injury or damage to the blender.
- This appliance should not be used for chopping ice or blending hard and dry substances as this may blunt the blade.
- To reduce the risk of injury, never place the cutting blade on the base without first putting the bowl properly in place.
- Do not use accessories not recommended by the manufacturer as this may result in personal injury.
- Do not operate the appliance for anything other than its intended use.
- Children should not play with the appliance.
- Ensure you switch off the appliance after each use. Make sure the motor stops completely before disassembling.
- The metal blades are extremely sharp. Please handle with care.
- Always hold the blade stem instead of the cutting edge when handling and cleaning the blade.

## Diagram of the Product

For use with fruit and vegetables:

## Operating the Product

- The maximum operation time per use should be less than 1 minute, giving a 3-minute rest time between two consecutive cycles.
- To assemble the detachable shaft with the motor unit, turn the shaft in an anti-clockwise direction until tightened. To disassemble, turn clockwise.
- To use, simply plug the hand blender into a power outlet.
- Lower the blender into the food and then press and hold the low or high-speed button to start operating.
- You can stop the hand blender by releasing the button.

## **Cleaning, Maintenance and Storage**

- Unplug the appliance and remove the detachable stem.
- Do not immerse the detachable stem of the blender in water as the lubrication on the bearings may wash away over time.
- Wash the detachable stem under running water without the use of abrasive cleaner or detergents. After you have finished cleaning the detachable stem, place it upright so that any water which may have got in, can drain out.
- Wipe the motor unit with a damp cloth. Never immerse it in water for cleaning as an electric shock may occur.
- Dry thoroughly.
- Take care when handling the sharp blades.
- For quick cleaning between tasks, hold the blender in a cup half filled with water and turn on for a few seconds.

## Spare Parts and Repairs

---
