**WARRANTY FOR A REBUILT AUTOMATIC TRANSMISSION
INTENTION – INCLUSIONS AND EXCLUSIONS**

This warranty means that the “Transmission assembly” will remain in a serviceable state for the duration of the warranty.
The warranty excludes any consequential damage and/or any consequential damage caused by a non-covered part.

Customer details: Vehicle / Owner details

Name:		
Address:		
Speedo Reading:		(Important to validate Warranty)
Purchasers Name:		

CONDITIONS OF WARRANTIES

THE UNIT MUST BE FITTED BY AN AUTOMOTIVE TECHNICIAN AND USED IN THE APPLICATION INTENDED BY THE ORIGINAL MANUFACTURER, AND MUST NOT BE ALTERED OR MODIFIED IN ANY WAY

IN THE EVENT OF A CLAIM:

1. Toycomm must be contacted before any work is carried out.
2. Toycomm will not be liable for the costs of any work carried out, without prior approval.
3. Toycomm reserves the right to decide in the event the part should fail, whether it be returned to them for repair, replace the part supplied, or make a cash contribution toward repair of same, or refund on return.
4. The term of this warranty is for **(Please refer to your invoice, for duration terms)** whichever occurs first and providing Toycomm is satisfied that all warranty conditions have been adhered to. If Toycomm decide that if the parts failure is the result of negligence this warranty becomes void.
5. PARTS ONLY supplied. Labour charges can be paid up to \$65 p/h ex GST, in an event of labour works required for warranty only.
6. Any claim working out to more than the original purchase price will not be considered.
7. The maximum claim under the warranty is deemed to be the purchase price of the unit, GST inclusive
8. Should the supplied unit be used with any custom modifications, warranty will be void.
9. All works are to be carried out by a qualified Mechanic.

TO VALIDATE THE REBUILT TRANSMISSION WARRANTY THE FOLLOWING MUST BE CARRIED OUT:

1. New external transmission cooler must be fitter and radiator bypassed, or radiator is replaced with factory cooler.
2. Oil lines must be removed and flushed out thoroughly. Failure to do so can contaminate the new Transmission and void any warranty.
3. Oil and filter must be changed after 100km of driving, due to the transmission being run in.
4. Recommended oil must be fitted to the transmission before start up.
5. Fill with *approximately* 8L before starting (Dry Fill). Refer to manufactures specifications for a dry fill where possible.
6. Start engine, shift from D-R-Park then recheck fluid level while idling in park.

DECLARATION AND SIGNATURE

I the undersigned have read and understand fully the terms and conditions of this warranty and agree to comply herewith.
