WARRANTY FOR A REBUILT ENGINE ASSEMBLY

This warranty means that the "MAIN ENGINE ASSEMBLY" (namely block and head casting and all related moving parts) will remain in a serviceable state for the duration of the warranty.

Warranty is on Engine only and not on external parts, eg alternator, starter, turbo, clutch, water pump, radiator, water hoses, fuel pump and components relating to tune, eg distributor, electronic ignition, carburetor, diesel engine injector pump and injectors.

The warranty excludes any consequential damage and/or any consequential damage caused by a non-covered part.

Purchasers Name:		

CONDITIONS OF WARRANTIES

THE UNIT MUST BE FITTED BY AN AUTOMOTIVE TECHNICIAN AND USED IN THE APPLICATION INTENDED BY THE ORIGINAL MANUFACTURER, AND MUST NOT BE ALTERED OR MODIFIED IN ANY WAY

IN THE EVENT OF A CLAIM:

1. Toycomm must be contacted before any work is carried out.
2. Toycomm will not be liable for the costs of any work carried out, without prior approval.
3. Toycomm reserves the right to decide in the event the part should fail, whether it be returned to them for repair, replace the part supplied, or make a cash contribution toward repair of same, or refund on return.
4. The term of this warranty is for **(Please refer to your invoice, for duration terms)** whichever occurs first and providing Toycomm is satisfied that all warranty conditions have been adhered to. If Toycomm decide that if the parts failure is the result of negligence this warranty becomes void.
5. PARTS ONLY supplied. Labour charges can be paid up to \$65 p/h ex GST, in an event of labour works required for warranty only.
6. Any claim working out to more than the original purchase price will not be considered.
7. The maximum claim under the warranty is deemed to be the purchase price of the unit, GST inclusive
8. Should the supplied unit be used with any custom modifications, warranty will be void.
9. All works to be carried out by a qualified Mechanic.

TO VALIDATE ENGINE WARRANTY THE FOLLOWING MUST BE CARRIED OUT:

1. Idle speed needs to be 1200 RPM for the first 10 starts.
2. Only allow 5 mins to warm up. Use "Idle Up" setting where possible.
3. Drive vehicle under normal driving conditions. **DO NOT OVER REV.**
4. Initial run for 200km on running-in oil.
5. Remove and replace engine oil and filter at 200km with manufacture recommend oil.
6. Drive for 2000km, remove and replace engine oil and filter with manufacture recommend oil.
7. Drive for 5000km, remove and replace engine oil and filter with manufacture recommend oil.
8. Radiator must be thoroughly flushed and flow tested. If radiator is faulty, it must be replaced.
9. Ensure cooling system is correctly bled.
10. Where injectors are not supplied with the engine, *it is strongly recommended to install new injectors, as damage caused to the engine assembly due to worn injectors (e.g damaged pistons, cracked cylinder heads ect) will void any warranty.*
11. Failing to show proof of above will cause your warranty to be null and void.

DECLARATION AND SIGNATURE

I the undersigned have read and understand fully the terms and conditions of this warranty and agree to comply herewith.
