

## WARRANTY FOR TURBOS

### READ THIS SHEET BEFORE INSTALLATION OR TURBO FAILURE MAY OCCUR

This warranty covers both aftermarket and reconditioned Turbos supplied by Toycomm Auto Recyclers. Warranty period is 20,000, 2,000 hrs or 12 months (whichever occurs first). Failure to carry out any of the fitting instructions (provided) correctly, or any damage from external factors will render this warranty null and void. Normal wear and tear, and use outside of normal operation (Performance or motorsport applications) is not covered by this warranty.

### ATTENTION: INSTALLER

Be sure to refer to the vehicles service manual. When installing the Turbo, the following should be observed.

**! Failure to follow installation guidelines could result in premature failure of installed parts !**

- 1. CHANGE ENGINE OIL AND FILTER** – Use only the grade and type of oil recommended by the manufacture. Oil additives should not be added unless specifically approved by the vehicle manufacture.
- 2. THOROUGHLY CHECK AND CLEAN THE TURBO OIL FEED AND RETURN LINES** – If required, remove to inspect and clean.
- 3. CHECK FOR AND REMOVE ANY FORGEN MATTER** – These may be in the compressor inlet, intercooler or exhaust manifold that connect to the turbocharger.
- 4. USE RECOMMENDED TORQUE VALUES** – Consult the vehicle's workshop manual.
- 5. BEFORE STARTING, CRANK ENGINE OVER WITHOUT STARTING** until oil flows freely from the feed pipe. Connect oil feed.
- 6. START ENGINE AND ALLOW TO IDLE** for at least 3 minutes. DO NOT REV ENGINE DURING THIS TIME.
- 7. CHECK FOR ANY OIL OR EXHAUST LEAKS.**
