

This year's big beverage show is Drinktec in Munich. We have exhibited in this show since 1997, but will take a break this year. Six days of talking about fittings is a little long, but we will be back in sunny Nuremberg next year.

As promised, the stainless growler fitting is now in stock and listed below. Beer manifolds are in the works and if there is anything else we should be making, please let us know.

Finally we have made it to the "most wonderful time of the year" – college football. Since this is our newsletter – "Roll Tide".

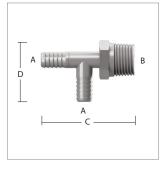

Thanks - Mark and staff.

"Tis better to be silent and be thought a fool, than to speak and remove all doubt." – Abraham Lincoln "We may not imagine how our lives could be more frustrating and complex – but Congress can." – Cullen Hightower
