KEY HIGHLIGHTS

for Evo Player Base and Advance

➤ **Commercial Grade Components for Commercial Requirements**

Dual heat sinks and Commercial Grade Components enable these device to run 16+ Hours a day.

➤ **Optimized Evo OS based on Android 9**

No Redundant Apps or Bloatware. Optimized to deliver maximum efficiency for your Business Needs.

➤ **BIS Approved Media Player, and Power Adapter**

Tested by Accredited Laboratory to meet the Indian Standards requirements for an Internet Connected Set top box and 5V Power Adapter.

➤ **Fully Customizable Software and Production Process**

We can customize nearly all aspects of the device including but not limited too – Boot Logos, Boot Animations, Pre-Loaded App Deployment, App Auto Start, Custom Device Integration and more

➤ **Can be used to create Interactive Touch Screen Kiosks**

Works with 10-point Multi-touch USB Touch Screens.

➤ **4K Enabled, and Native HW Decoder for All Popular Formats including h.265**

Automatically adjusts resolution to any 16:9 screen up to 4K, and can play all popular video formats including h.265, h.64, MKV, MP4, AVI and more

➤ **Play Multiple Videos at the same time**

The Hardware decoder can decode up to 8 video streams at the same time. So, you can play multiple HD videos on the same screen (Android 7.1.1 only).

➤ **Dual Band Wi-Fi & Ethernet Options are available**

➤ **Bluetooth 4.0 for headsets, and other peripherals.**

DETAILED SPECS

Chipset	Amlogic S905X3
Processor	Quad core ARM Cortex-A55 CPU up to 2GHz (DVFS)
GPU	ARM Mali G31MP2 with support for OpenGL ES 3.2
OS	Android 9
RAM	4GB DDR3
Storage	32GB eMMC SD Card to expand the Internal Memory up to 128GB USB supports 1 TB external memory
OTA Upgrades	Over the air upgrades for OS possible
IR Sensor	Yes
Power	5V 2A
Video Output	Up to 4K@ 60Hz with HDR
Video Interface	HDMI 2.0 & CVBS
Audio Output	Digital Passthru over HDMI Stereo Output over Composite
Audio Interface	HDMI & Composite
Wi Fi	2.4GHz and 5 GHz - 802.11ac
Ethernet	100MBPS
Bluetooth	4.2/5.0
USB Ports	2, including 1 USB 3.0 Port
Cards	Micro SD Card Support
Dolby / DTS	Pass Thru Supported

Customizations	Custom Zip File with Pre Loaded Apps Custom Boot Animation and Logos Custom Launcher Others as per your requirement. We have a team of Android Framework engineers who can execute these requests in India.
Environment	While Using: Temperature: 5°C - 40° Humidity: 10% - 90% Storage: Temperature: -20°C - 70° Humidity: 10% - 90%
