FM Speaker — **User Guide** — POCKET FM — **Mini USB Charging Cable** — **Battery**

POWER ON / OFF
- Insert the provided 1800mAh Battery.
- Now slide right ➡ the ON / OFF button to turn ON the Speaker.
- To turn OFF the Speaker, slide left ⬅ the ON / OFF button.

HOW TO CHARGE
Use the provided mini USB cable with product and connect it to the USB interface of a PC / Laptop or USB charger. Depending on the charger it will take 3 to 10 hours to fully charge. The LED lights will start blinking when charging, and will stop once fully charged.

FM RADIO MODE
- Press the Mode button to switch to FM Mode.
- Long press Play / Pause button to search and auto save the channels.
- Alternatively, user can also type in the frequency directly and press the Play / Pause button to listen to a particular channel.
- Use Next / Previous buttons to switch stations.

DIGITAL CLOCK SETTINGS
To set time, follow the below steps:
- Press the Mode button to switch to Clock Mode.
- Long press the Mode button, the hours clock will start flashing.
- Input valid entry using the input pad.
- Now short press the Mode button, Minutes clock will start flashing.
- Again use the input pad to type in minutes digits.
- Press Play / Pause button to confirm the settings.

BLUETOOTH PAIRING
- Turn the speaker ON, by default the speaker is in Bluetooth Mode.
- Search for **"Amkette FM Bluetooth Speaker"** on your Smartphone and connect.
- Short press the "Play" button to answer the phone call.
- Double click the "Play" button to redial the last call last time.

If prompted for a password, please enter **"0000"** and click OK.

Note: When the speaker is under Bluetooth mode, it will be connected to the last connected device by default. If you want to connect the speaker to another device, you need to disconnect from the original device

RECORDING FUNCTION
Note: The recording function works only when the Micro SD card is inserted.
- Insert the Micro SD card.
- Press the record button **"REC"** to start recording.
- Press the record button **"REC"** again to stop the recording.

The recorded audio auto-plays when the recording is stopped and is saved into Micro SD card.

USB / MICRO SD CARD PLAYBACK
- Insert a Micro SD card or a USB drive to play MP3 music.
- Press the Next / Previous buttons to change songs.
- Alternatively, user can also type in the song number directly to play it.

USB SPEAKER MODE
Connect with a PC using a mini USB cable to play songs from your PC / Laptop directly.

EARPHONE / HEADPHONE JACK CONNECTION
Use a Earphone / Headphone for a personal audio experience.
