HUSHPRO SPECTRA
Rechargeable Wireless Mouse

QUICK START GUIDE

READ BEFORE USE

- The Nano Receiver is located inside the battery compartment.
- The Mouse Features a Rechargeable battery. Please make sure to charge it well before first use.
- The Mouse can be charged using the provided cable through any idle USB port on your system or using any charger made by qualified manufacturers.
- There is an ON / OFF switch at the back that can be used while the mouse is safely stowed in your bag or overnight for better battery life.
- If the Hush Pro Spectra is left unused for over 2 weeks, we recommend to turn it OFF and to periodically recharge it.

KNOW YOUR MOUSE

8 Located in Battery Compartment
