# THE LEADING EDGE IN PET LAMINATED MDF PANELS

Perfectly suited for residential or commercial joinery, these panels create a dynamic and sophisticated look in any interior with ultra gloss or super satin matte finish. This product provides a modern decorative surface paired with superior performance.

## EASY CLEAN SURFACE

Low maintenance and easy to clean, keep surfaces looking as good as new with less effort

## STAIN PROOF

High stain resistance reduces the risk of unsightly marks and need for excessive cleaning

## REDUCES FINGER PRINTS

Both high gloss and super satin surfaces are resistant to pesky fingerprints and marks from use

## IMPACT RESISTANT

Excellent impact resistance preventing surface cracking, chipping and damage

## REDUCES SCRATCHES

PET laminate provides an incredibly hard surface that reduces wear, abrasion and marring

## MATCHING EDGE TAPE

Easily finish all custom cut edges with matching edge tape providing an immaculate finish

## MDF CORE

For consistently flat panels without warping and clean cuts for impeccable construction
