## Mini Cyclone: Sometimes 'less is more'

Finally – a toilet suite  
that is designed with  
the more compact  
bathroom/ ensuite/  
guest WC in mind.

With its short projection this compact back to wall toilet avoids the annoying problem of a swinging door intruding on the user's space.

A practical, space saving design.

A valuable asset in homes where space is at a premium.

A compact design that despite its size has not compromised on comfort or quality

Rimless Flush

Full Sweep Action Flush

Soft Close Lid

Non Marking Surface

4 Star Water Rating

### The Mini Cyclone

Small and compact but no less powerful than the standard sized tornado it can still 'pack a punch' when it comes to flushing action.

With the all new smaller ledge rimless design it will flush all your worries away!
