

YOUR MOST RELIABLE
HIDDEN IN-WALL TOILET

Minimalist style design with maximum flush performance

Introducing the most reliable in-wall cistern for your new bathroom

Never has an in-wall cistern been so simple to install and easy to service. The solid steel construction and high quality components work together seamlessly to give you the best quality hidden cistern option on the market.

CONFIDENCE IN QUALITY

Install the most reliable in-wall cistern on the market

INSULATED TANK

Fully insulated tank means no in-wall sweating from cold water

HIDDEN IN-WALL CISTERN

For a cleaner minimalist design in your bathroom

PNEUMATIC PUSH PLATE

Non-mechanical air pressure design provides longer lasting performance

FULLY SERVICABLE

Easy access from front plate so no need for invasive removal to service

RIMLESS FLUSH

Hygienic full-sweep action or unique Tornado Flush™ zero rim design

FULLY INTEGRATED SYSTEM

All components designed in unison to seamlessly work together

COMFORT HEIGHT

Extra height provides users with joint or back pain a more comfortable seat

SOLID STEEL FRAME

Strong construction to minimise movement for wall hung pan

NON-MARKING DESIGN

Easy to clean surfaces and unique funnel shape bowl reduces marks

SLIM PROFILE

Easily fitting NZ standard 90mm wall depth so no need to build out space

SOFT CLOSE LID

With simple button release removable seat for easy cleaning

SOUND DAMPENING

Insulated tank reduces noise for whisper quiet cistern refill

4 STAR WATER RATING

Economic use of water whilst providing a powerful flush

N-IWN-UF

Choose from a chic range of minimalist design push plates to style your bathroom to be uniquely yours

With two different button shapes and six different colour and finish options each there are plenty of options to suit your decor.

Pneumatic design lasts longer

We have solved the common problem of failing flush buttons. Our pneumatic push plates boast a longer working life with their non-mechanical design.
