Color Variation: Variations in color and texture can arise between batches of yarn and dye baths.

Irregularities: Irregularities may occur as a result of the handmade process.

PRODUCT INFORMATION

PRODUCT: MARMO RUG

Care & Maintenance: Regular cleaning by vacuuming. Vacuum in the direction of the rug's pile, but not with the brushes in the "out position". Do not clean stains on viscose with water as this might damage the rug. To be washed flat by a professional carpet cleaner. Most new rugs will shed hair upon usage which is natural. Excess pile should be removed from the rug as it appears. Heavy furniture on the rug may leave the pile flat which is a normal characteristic for viscose/wool rugs. Please note that the colours may fade if the rug is exposed to strong sunlight for an extended period. We recommend underlay to avoid discolouration.
