

Confetti Poppers

These fun 4th of July confetti poppers are a great way to celebrate while waiting for the fireworks!

Supplies:

- 9” Balloons
 - Empty Toilet Paper Tubes
 - Packing Tape
 - For Decorating – patterned paper, stickers, glitter, etc.
 - For DIY Confetti – metallic tissue paper and/or gift bag filler and Fringe Scissors OR Pre-Made Patriotic Confetti
1. Knot the balloon, and cut off the tip. Stretch the balloon tightly around the toilet paper tube, and secure in place with a strip of packing tape.
 2. Use patterned paper, stickers, markers, glitter, etc. to decorate the tubes.
 3. If you prefer to make your own confetti, fringe scissors can quickly turn a bag of gift bag filler into shiny metallic confetti. You’ll want to make at least 3 tablespoons of confetti for each tube.
 4. Add the confetti to the tube – use a funnel or a rolled piece of paper to help guide the confetti into the tube if necessary.
 5. To launch the confetti, pull down on the bottom knot of the balloon, and let go! The confetti will shoot high up into the air with a loud “Pop!”
