MOUNT YOUR SHELF

STEP 1

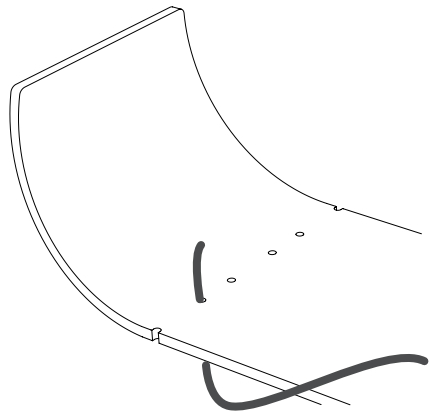

GET READY TO THREAD
YOUR SHELF!

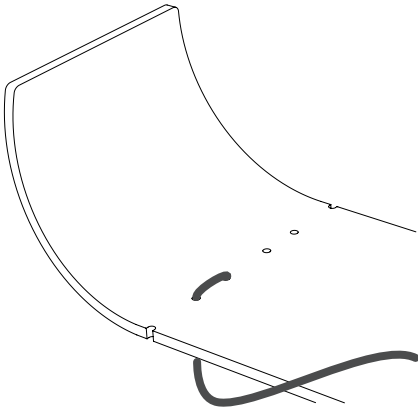

Start on either side.

STEP 2

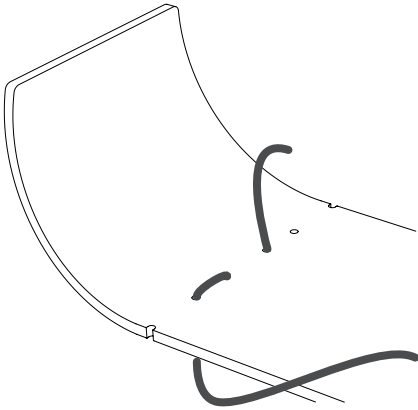

Pull the cord through the
first hole.

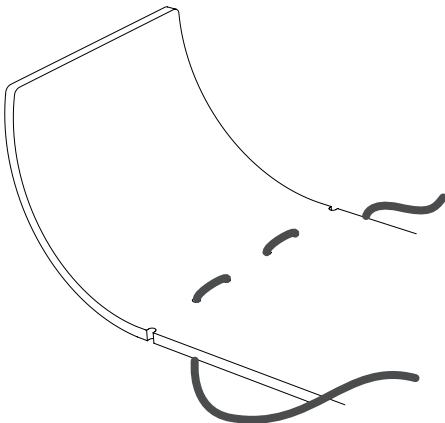

STEP 3

Thread it up and down through the next holes.

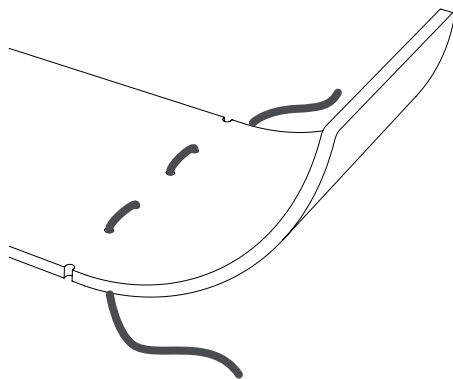

STEP 4

STEP 5

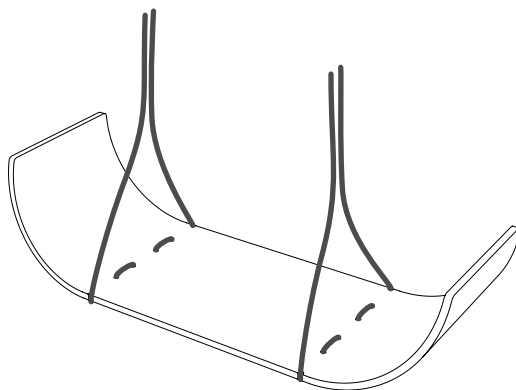

STEP 6

Now repeat steps 2-5
on the other side.

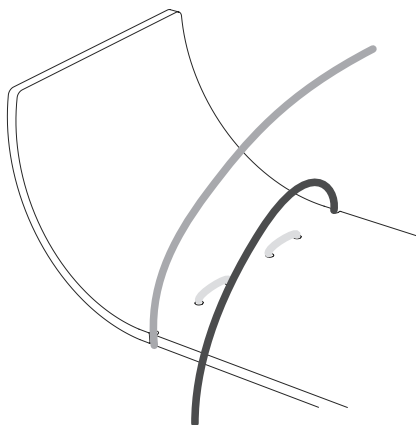

STEP 7

Pull all four cord ends up
and get ready to make
the knots.

**TIME TO MAKE THE
KNOTS !**

For better understanding, we're showing the two cord ends in different shades.

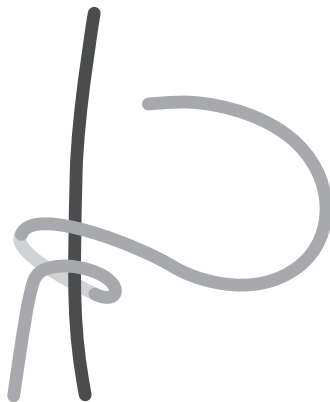

STEP 8

Let's start!

STEP 9

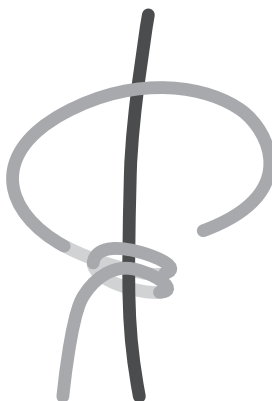

STEP 10

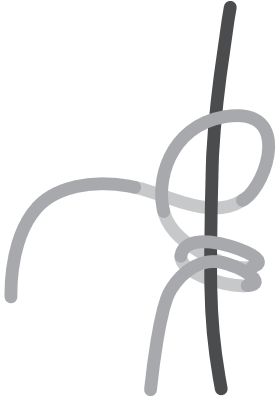

STEP 11

STEP 12

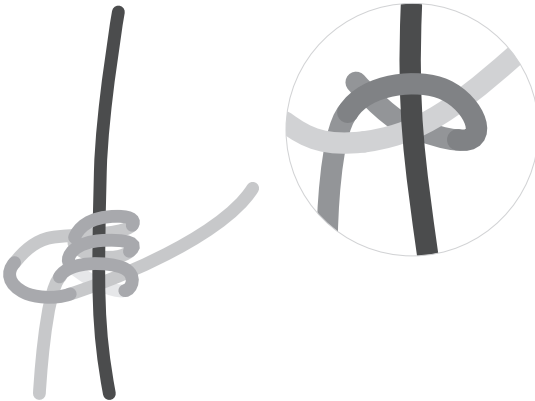

STEP 13

STEP 14

We need 3 loops
before we continue.

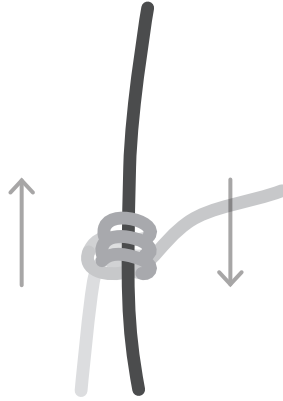

STEP 15

Thread the end
underneath the 'black'
rope into the first loop
and tighten.

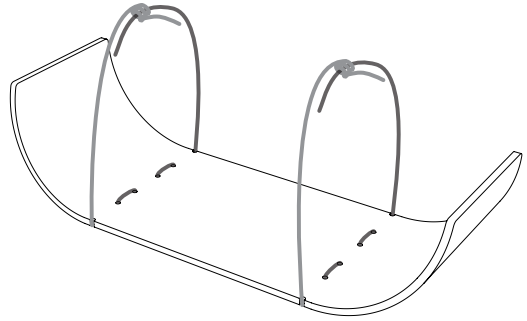

STEP 16

Pull the black rope and slide the knot up or down to adjust the length.

Repeat on the other side.

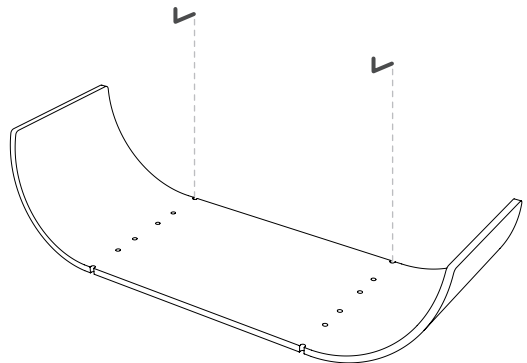

LET'S HANG THE SHELF ON THE WALL !

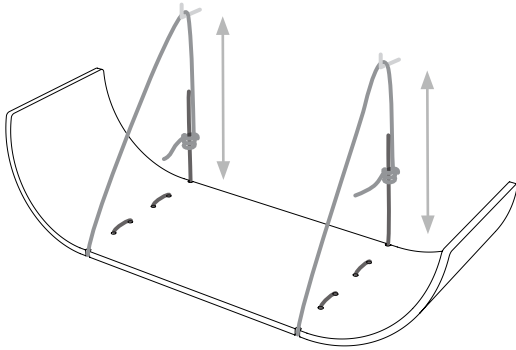

STEP 17

Mount screw hooks (not included in package content) in line with the holes in the shelf.

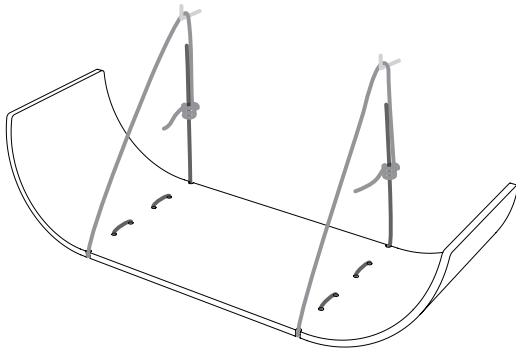

Tip: use hooks and wall plugs according to your wall type.

STEP 18

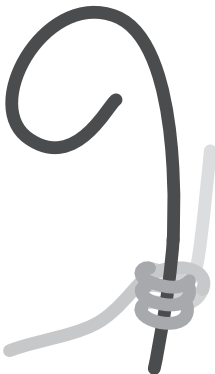

Hang the shelf and adjust the height as needed.

STEP 19

Slide the knots up or down until the boat floats horizontally.

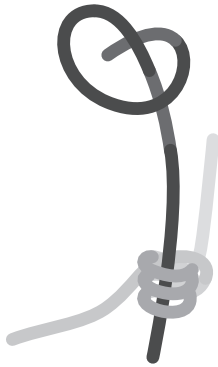

Use a spirit level if you want to get it perfect ;)

STEP 20

Now fix the knots.

Once the shelf is level use the end of the 'black' rope...

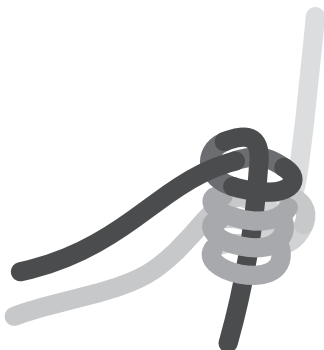

STEP 21

...and fasten the sliding knot with a simple knot.

STEP 22

STEP 23

Tighten the knot.
Repeat on the other side.

Done!

MOWO.STUDIO

CONGRATULATIONS!

Your sails are now set and your boat is ready to be loaded. The shelf can take up to 5kg, given the wall mounting can take the same weight.

All of our products are unique through their wood grain, cord colour and usage. We'd love to see your creations and hear about your experience and any other feedback you want to share.

Simply write us an email, send us a photo or link us on social media.

GUARANTEE & RETURNS

GUARANTEE

We offer a 2-year guarantee on all our shelves.

RETURNS

We accept returns up to 30 days after you have received the parcel. For more information please visit the 'terms of service' and 'returns' section on our website.
