THREAD YOUR STOOL

PATTERN NO. 1.1 "KINGS CROSS"

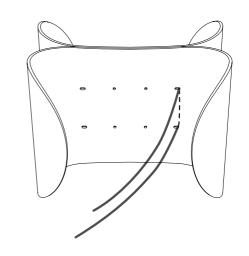

STEP 1

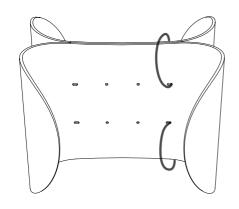

Thread the cord through the first bottom hole.

STEP 2

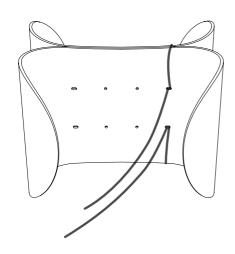

Pull the cord through the hole above, one cord end can be a few centimeters longer than the other one. From now on tighten the cord after every step.

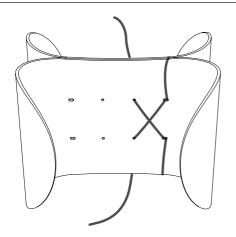

Fold the cord around the sides.

STEP 4

Pull both ends through the same holes, above the existing cord.

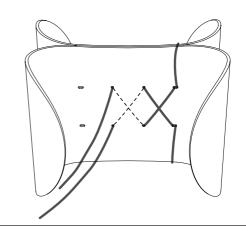

STEP 5

Thread the cords diagonally to create the first cross pattern.

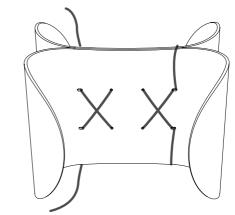

STEP 6

Pull the cords through the next row of holes in a second cross pattern.

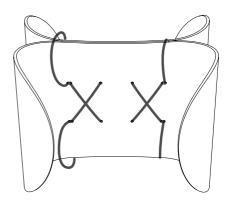

STEP 7

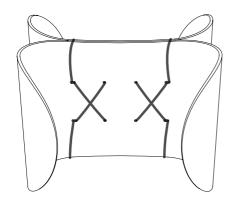

Thread the cords diagonally to create the third cross pattern

STEP 8

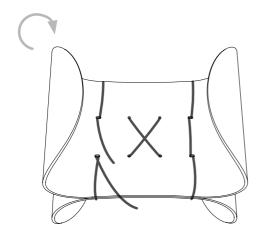

Fold the cord around the sides

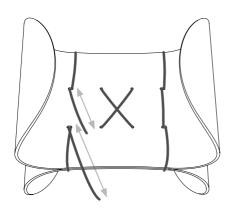

Pull both ends through the same holes, above the existing cord.

STEP 10

Turn the stool around. This is how the other side should look like.

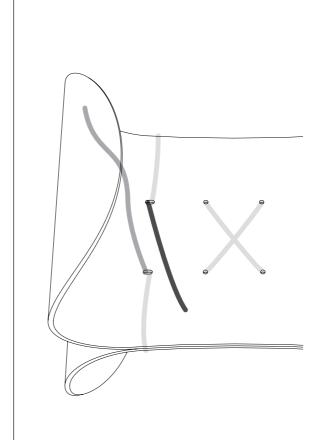

STEP 11

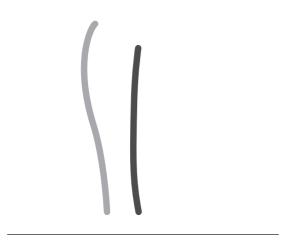

One cord end can be a few centimeters longer than the other one.

Check if the cord sits tight. Wherever it's loose tighten as much as possible.

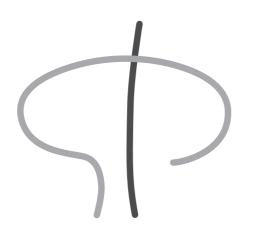

MAKE A KNOT

PATTERN NO. 1.1 "KINGS CROSS"

For better understanding, we're showing the two cord ends in different shades.

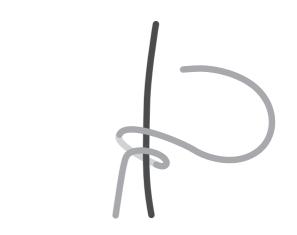

STEP 12

Let's start!

Take the longer cord end and lay it around the shorter one.

STEP 13

STEP 15

STEP 16

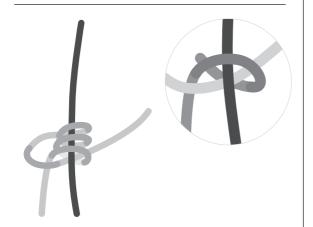

We need 3 loops before we continue.

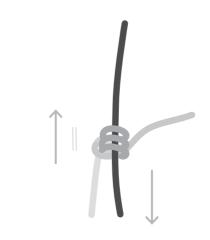

STEP 19

Thread the end underneath the 'black' rope into the first loop and tighten.

STEP 20

Pull the black rope and slide the knot up as far as you can to tighten the cord.

STEP 21

Now use the end of the 'black' rope...

STEP 22

... and fasten the sliding knot with a simple knot.

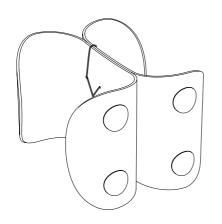

Tighten the knot. Done!

FELT PADS ON AND GO!

Apply the included felt pads to protect the wooden surface from scratching.
