INSTRUCTION

IL3000 Scent Diffuser User Manual

Product introduction

IL3000 diffuser system adopts two-fluid atomization technology. It is a fragrance diffuser in the area, and has a built-in intelligent PCB control program. The products can be placed independently, wall-mounted installation, can also be connected to the central fresh air conditioning system. The appearance of the product is stylish and atmospheric, and the fragrance is accurate and stable. Its main function is to create a different fragrance for life. It is suitable for hotels, airports, office buildings, cinemas, high-end shopping malls, entertainment clubs and other places.

In order to meet the demands of different customers, we have matched the following three types of device:

1. WiFi version: Connect to WiFi through the mobile phone APP and the device to control the working state of the device under the same network without people.
2. Bluetooth version: Connect the device Bluetooth through the mobile APP to control the working status of the device.
3. Ordinary version: Manually control the working state of the equipment through the touch panel.

Attentions

Please read this manual in detail before using the device and keep it carefully.

1. Please do not use overloaded power sockets, broken wire and adapter. It may endanger your safety and cause a fire, please replace in time if it happens.
2. Please do not try to modify, disassemble or repair the device in order to avoid damage to the device, if you are not a technician. If the device is abnormal, please check whether it is operated normally according to the user manual, or check according to the Malfunction Debugging. If it cannot be solved, please contact seller timely.
3. Please do not invert or tilt the device when used. If the device needs to be transported to other sites, please maintain and clean the device (see Maintenance for details) first before package and transportation, in case of oil leakage to damage the device.
4. Please maintain and clean the device regularly to ensure the device in best working states.

Instruction of Essential oil

1. Before refill canister with essential oil, please turn off the device for 2 minutes till oil of atomizer back to canister then take off the oil canister.
2. It's recommended to control the amount of essential oil and run out within 45 days, in order to avoid the deterioration of essential oils by oxidation.

Parameters

Model	IL3000
Size	W241*D112*H357(mm)
Capacity	1000ml
N.W	4.9KG
Coverage	3000 sqft
Voltage	DC12V-1A
Power	9W
Noise	≤47db
Package	W280*D195*H445(mm)

Accessories

Item	Power adapter	Key	Hanging panel	User manual	Atomizer core	PE seal ring	Screw/Expansion Nail
