

# Make Nice

studio of Mike Newins  
Lookbook 2024

Make Nice is a friendly, values driven studio. Well crafted, intentional work nets happier people and better spaces for them to exist in. The product of our labor is crisp, clean and unique, for clients that like to have a little fun.

The studio maintains a small footprint, and makes sustainable choices wherever possible. We source hardwoods domestically, plywoods with great thought, and work towards a circular economy.

What we do:

Residential Furniture ~ Buildouts ~ Custom Fixtures and Millwork ~  
Sculptural Works ~ Creative Partnerships and Design Consultation

Make Nice's plywood furniture is playful, unique and of high quality. Making use of special relationships and shadow, the units can stand as artistic statement pieces or as a simple way to add drama to a space.

An art practice folded into home goods. All limestone objects are one of a kind. The stone is painstakingly sourced, and hand carved in studio.

The studio has deep history in full-custom cabinetry. Millwork and smaller cases are always available, and a few carefully selected, large-scale projects are taken on each year.
