

JRUMZ

“Hear What Makes You Happy”

Product Guide 2023 - 2024

ABOUT US

Welcome to Jrumz Ear Wear, the first black-owned, woman-founded earphone company in the U.S. We are passionate about providing our customers with high-quality, custom in-ear monitors that offer an exceptional listening experience. Our founder, Dr. Lana Joseph-Ford, is an audiologist from New Orleans who has dedicated her career to helping people hear better. With Jrumz Ear Wear, she has combined her expertise with her love of music to create a brand that represents innovation, quality, and diversity.

Our custom in-ear monitors are made with the highest quality materials and are handcrafted to fit your unique ear shape. We offer a range of models to suit different listening preferences, and our team is always here to help you choose the right one for you. We are committed to providing excellent customer service, and we stand behind the quality of our products with a comprehensive warranty.

At Jrumz Ear Wear, we are more than just a headphone company - we are a community. We believe that music has the power to bring people together, and we are proud to support artists and creatives from all backgrounds. We are committed to promoting diversity and inclusion in everything we do, and we strive to create a culture of belonging for our customers and employees alike.

Thank you for choosing Jrumz Ear Wear. We are excited to be a part of your listening journey.

Brand Partnership | We Offer:

- 30% discount to music artists
- 15% discount to band members and staff
- Free ear impressions with purchase of custom product
- 12 Month manufacturer warranty included
- \$500 one time replacement fee on custom in-ears
- Group discounts available upon request

Highlights

Most recently, our earphone product Jrumz XP01, was featured in Superbowl LVII performance. Among the singers wearing Jrumz was Emmy-award winning actress and singer Sheryl Lee Ralph who sang "Lift Every Voice".

Marie Monti

We Support Women In Audio

Jrumz was founded by the creators of the award-winning company High Level Hearing Technology, based in New Orleans, becoming the first black-owned, woman-founded earphone brand. Jrumz was created by hearing professionals as the solution to the discomfort, falling out, and under performance of typical in-ear style earphones.

Introducing the Jrumz XP05 Series

The JRUMZ XP05 Custom HiFi 10 Driver Full Shell Acrylic In-Ear Monitors are high-quality, custom-made earphones that are specifically designed for musicians and music enthusiasts. These monitors are crafted with precision and care, using top-of-the-line materials and cutting-edge technology to ensure that they deliver outstanding sound quality and a comfortable, secure fit. With their full-shell acrylic design, they provide excellent noise isolation and offer a personalized listening experience that is tailored to the unique needs of each individual user. Whether you're a professional musician or simply someone who loves to listen to music on the go, the JRUMZ XP05 monitors are an excellent choice.
