### TOP SOIL PLANT GUIDE

### CLAY SOIL PLANT GUIDE

1. **SOIL:** Deneweth's recommends using #1 Baccto Tree & Shrub Mix, or Dairy Doo Tree and Shrub
2. **HOLE WIDTH AND DEPTH:** Dig a hole 3 times wider than the root ball, but not deeper than the root ball.

3. **REMOVING YOUR PLANT:** Don't lift the plant by the trunk. Lay it down and slide it out of the container, or cut the container away from the root ball.
4. **PLANTING:** Place the plant in the hole. Use **#2 Mykes Tree & Shrub** root stimulator at this time. *Be sure to follow the instructions on the label.*
5. **BACKFILL:** Refill the hole with #1 soil. Roots should be able to easily grow into surrounding soil, so do not pack the soil down. Create a temporary water basin around the plant with soil so that water will penetrate the basin area.
6. **WATER:** Water thoroughly via a hose with water pressure on low. *A sprinkler is not appropriate for this.* Thorough watering is important in order to eliminate any air pockets. *Make sure that the soil level remains at the same height as the surrounding area, (add more soil if necessary).*
7. **PRUNING:** Prune only diseased, damaged or broken limbs and stems. *Old methods suggested pruning 1/3 of the plant, but current research dictates otherwise.*
8. **MULCH:** Apply a 3" layer of organic mulch around the plant, keeping it at least 1" away from the trunk.
9. **ESTABLISHMENT:** Water often the first year until established. This usually takes 2-3 years. *A well-established plant will be able to tolerate more stress, (such as low temps, pests, or other damaging factors).*
10. **FERTILIZE:** Use **#3 Espoma Tree Tone** organic fertilizer after planting and again in early spring.

### **Deneweth Garden Center's Warranty**

Annuals	Warranty until end of current growing season with receipt
Perennials	Warranty until end of current growing season with receipt
Trees and Shrubs	1 year warranty from date of purchase with receipt
Roses, Azaleas, Rhododendrons and Butterfly Bushes	Warranty until end of current growing season with receipt

#### **WE ACCEPT RETURNS PROVIDED YOU HAVE YOUR ORIGINAL RECEIPT AND PLANTS OR OTHER ITEMS TO BE RETURNED**

(See conditions below)

1. **Non-Saleable, planted or damaged plants** are eligible for a **Merchandise Credit** Good for 1 year.
2. **Plants Returned** that have not been planted and are still in their original container are eligible for a **Refund**.
3. Warranties begin on the original date of purchase.
4. Replacement plants are not warranted.
5. **Sale Items** are warranted for **Sale Price** only.
6. Warranties do not cover acts of God, Frost or Drought. We reserve the right to void any/all warranty coverage due to lack of watering, neglect or providing false customer information.

***BY THE WAY!!!! If you purchase the correct amount of MYKE's Mycorrhizae growth enhancers at the same time as your tree or shrub, it will extend your warranty to 5 years instead of 1 year with receipt\*.***
