Welcome to our 2016 Fall Numismatic Sale

NOVEMBER 11-12, 2016

Since we incorporated auctions into our business in the spring of 2015, Colonial Acres has been astounded by the feedback that we have been receiving from consignors and participants alike. Each time we succeed in producing a consignor the right price for their consignments, we feel a sense of pride, knowing that we could make someone happy. As well, when a participant manages to win the item that they may have been battling over for some time, we mutually cheer at the participant, and hope that they are pleased with their purchase.

The Staff at colonial Acres would like to offer our sincerest gratitude to all consignors who have joined in our fall numismatic auction. We are excited to offer a great selection of numismatic material geared for all collector types. The coins in this historic collection have the extra pedigree of being part of the largest treasure trove of U.S. coins in history. 51,000 coins and over 14,000 artifacts were recovered from the SS Republic shipwreck, a Civil War-era side-wheel steamship en route from New York to New Orleans that sank in 1865 after battling a hurricane for two days. This set also includes the 1853-1865 SS Republic Odyssey Marine Exploration CD, a National Geographic magazine covering the treasures from the civil war wreck and the Pritt J. During the Archaeological Excavation of the site, coins were picked up individually by the remotely operated vehicle “Zeus” with a delicate silicone limpet to protect the coin’s surface. Each coin was carefully conserved and encased in a tamper-resistant holder with a unique bar-coded label from NGC. This coin comes displayed in a stunning wooden display box with certificate of Authentication.
