

COLOR SWATCH GUIDE

AVAILABLE FINISHES

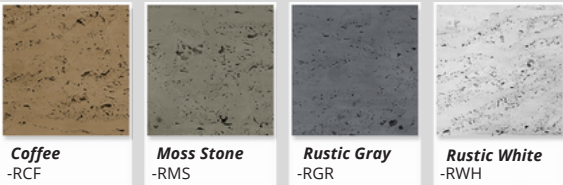

GFR CONCRETE FINISHES

Smooth GFRC Finishes

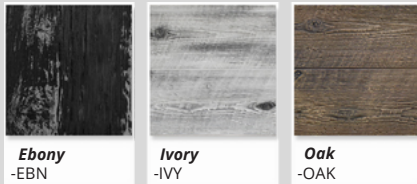

Rustic GFRC Finishes

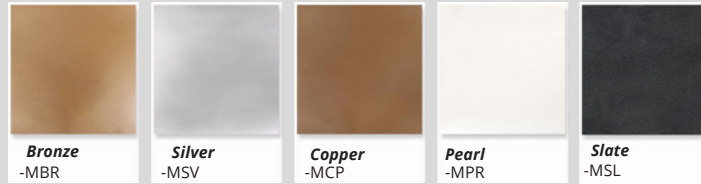

WHAT IS GFR CONCRETE?

Our Glass Fiber Reinforced Concrete (GFRC) is carefully formulated to provide consistency in color throughout the entirety of our products. You can achieve a long-lasting product with the color of your choice - or work with our experts to customize your very own color swatch.

Wood Grain GFRC Finishes

Metallic GFRC Finishes

METAL & POWDER COAT FINISHES

Powder Coat Finishes

Metal Finishes

WHAT IS POWDERCOAT?

Powder Coat is a process where the dry finish is created utilizing an electric charge. Designed to be stronger than paint and resist corrosion, we offer a popular selection of powder coat colors. Custom colors are available upon special inquiry.

Color Disclaimer

We strive to present product photos with accurate colors, but please note that the color of our products may appear differently on your monitor due to variations in screens. We cannot guarantee that the color you see on your screen is an exact match to the true color of the product.
