### MAC300 CROSSBAR ADAPTER KIT

We have specifically designed a leg kit to fit the heavy-duty rails on our MAC300 hardlid range.

The MAC300 Crossbar adapter kit mounts directly into the rails on the hardlid enabling you to mount crossbars without the need to add tracks to the hardlid. They are the perfect addition to your MAC300 for bike carriers, roof top tents, fishing rod holders, Ski and snowboard carriers and watercraft carriers.

They are easy to install so you will be off on your next adventure in no time!
