MAC G A P

Easy to use, MACGAP brackets allow you to close and lock the lid and leave a gap for airflow into the wellside, suitable for dogs or to give you that little bit of extra room when transporting long or higher objects like surfboards, fishing rods or timber.

Made from stainless steel the stylish MACGAP brackets are the perfect accessory and is compatible with all of the MAC Utes Hardlid range. Available in 100mm, 150mm or 200mm sizes.
