## **TEEPEE**

## instructions

Kit includes:

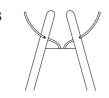

x12 wooden poles, x8 plastic connectors, x4 anti slip ends, x1 teepee

Connect x3 wooden poles together with x2 plastic connectors ensuring a pole with a hole is positioned at the top and a pole with no hole and rounded end is positioned at the bottom.

Insert the wooden poles into the fabric channels and spread out to form the tepee shape.

Feed string at the top of the tepee through the holes in the wooden poles and wrap around tightly to secure in place.

Add x1 anti slip end to the bottom of each wooden pole.
