Stainless Steel Ceiling Dome Mirror S500-360

Product Description

The stainless steel ceiling dome mirror is a highly polished institution mirror designed to increase safety by improving surveillance. These mirrors can be used in a diverse range of environments and situations to ensure protection.

Key Information:

Ceiling dome mirror manufactured from highly polished grade 304 stainless steel.

- Ideal for situations that require wide area surveillance.
- 1.2mm thick.
- Unbreakable, unaffected by heat and easier to clean.
- Prevents surprise attacks or collisions.
- Improves staff, patient and inmate safety.
- Developed to meet the stringent requirements of the UK Home Office, London Metropolitan Police and The Prison Service.
- Suitable for use in food processing / preparation areas.
- Often used in subways & stairwells.

Domes with Counter-Sunk Holes can be ligature free when mounted directly to the ceiling with appropriate tamperproof fixings.
