

SEVAS Inc.

Product : MIYAVY ROYAL NMN

The above product has been certified by the Japan Halal Business Association by checking that the specifications of the primary raw materials are free of animal origin and of added alcohol.

- Primary raw material is defined as the raw material listed in the [Ingredient] field on the product label.
※Secondary and tertiary raw materials are not checked.
- The factory (manufacturing) process is not checked and confirmed.
- Animal origin means animal and mainly refers to poultry livestock, indicating cattle, pigs, sheep, etc. It does not include fish.
- It does not certify halal, vegetarian (vegan), etc.
- No alcohol is added, but as there can also be spontaneous fermentation, the final residual alcohol concentration is specified to be around 1%.
- It may be used for exports to foreign countries and domestic correspondence, and goods may be distributed abroad.
- Any changes to the specifications of raw materials require prior notification and confirmation of the specifications.
- The issuing association is not responsible for any individual problems resulting from the use of the mark.
