

FEATURES & BENEFITS

- + **5 Elements** - The cooktop's total power is 9,300W with three 9 1/16-inch 2,100-Watt elements and two 6 7/8-inch 1,500-Watt elements to cover your cooking needs
- + **9 Power Levels** - So you can simmer a sauce or crank up the heat for a caramelized sear—now that's control
- + **Power Boost** - The cooktop elements offer a power boost adjustment so you get to your desired temperature fast
- + **Touch Controls** - Digital LED displays are touch and slide controlled and easy-to-read for the whole family and spills and grease can easily wipe away
- + **Residual Heat Indicators and Lock** - This cooktop also features a Residual Heat Indicator and Child Lock so that you and your kiddos don't burn your hands
- + **Automatic Safety Shut-Off** - The unit will auto turn-off without a cooking pot present after 2 hours of non-operation-safety first

FEATURES

99 min timer / Child Lock / 4 Booster / Keep Warm / Pause Function
9 level power setting
Individual residual heat indicator
120 min. Automatic safety switch off
Slide touch

PRODUCT DIMENSIONS

1. Product Size (inch) (W*D*H): 36" - 21" - 2 1/4"
2. Cut out Size (inch) (W*D): 33 7/8" - 9 5/16"
3. Carton Size (inch) (W*D*H): 40 3/8" - 27" - 6 7/8"
4. Product Net/Gross weight (lbs): 28.66 / 36.38

TECHNICAL DETAILS

1. Induction (Heating element)
2. Power cord: 47 1/4" without plug
3. Voltage / Frequency: 240v /60Hz
4. Certification: ETL, RoHS / Reach compliance

ELEMENT PERFORMANCE

Number of Elements	5
1. Left Rear zone: 6 7/8"	1200/1500W
2. Left Front zone: 9 1/16"	1800/2100W
3. Right Rear zone: 9 1/16"	1800/2100W
4. Right Front zone: 6 7/8"	1200/1500W
5. Central zone: 9 1/16"	2300/3700W
Total	9300W
