### Description

**Logical Resource ( Magic Crack Filler ) is a granulated powder.** Fills cracks in concrete, stone work, masonry and asphalt can fill joints up to 2 inches and installs dry for easy clean up.

### **DIRECTIONS**

Read all directions before starting work.

Do not apply when temperatures are expected to fall below 50° F (10° C) within 48 hours. Clean area and remove all loose concrete, grease, oil, paint, dirt and any foreign materials that will inhibit performance. Ensure crack is completely dry before installing Magic Crack Filler. Pour Magic Crack Filler into crack. Ensuring all voids are full. Brush all excess material off and leave Magic Crack Filler flush with surface. Mist lightly with clean water three to four times being careful not to let water puddle or run off. Let dry 24 to 72 hrs depending on weather. Do not drive over until product is dry.
