

VACCINATION POLICY TT-15

Version Control

Version	Date	Approved By	Description	Review Date
1.0	February 2023	Management Committee	Approved	February 2025

Background

This policy outlines the Little Things for Tiny Tots ('the charity') position with respect to vaccinations.

Context

For some years now, the West Australian community has been required to follow government directives with respect to vaccinations against COVID-19.

Definitions

Vaccination: A treatment with a vaccine to produce immunity to a particular infectious disease or pathogen.

Relevant Legislation	Refer to WA Government Dept of Health directives please click here
Related Policies/Other Key Documents	

Scope

This policy applies to the Management Committee, all operational staff and volunteers who attend volunteering sessions as well as visitors dropping off and/or collecting donations at the charity's premises.

Policy

It is the charity's policy that:

- in line with current WA Government mandates, anyone involved in volunteering or visiting the charity's premises do not need to provide proof of their COVID-19 vaccination.

Whilst not mandatory, the charity strongly encourages everyone to be vaccinated to protect their health and safety, as well as that of others in our community.

The charity also kindly requests that everyone follows Department of Health [recommendations](#) to help reduce the spread of COVID-19 and protect yourself and those who are most at risk. If you have cold or flu like symptoms please do not attend a session and do not drop off or collect donations.
