How the Process Works...

1. Consultation

First we set up a phone call or email to discuss the project and personalization including boundaries, points of interest, and specific locations or icons wanted.

2. Boundary

Next, we send out a draft of the geography and boundaries to be approved. Edits can be made if needed.

3. Icons & Revisions

Lastly, we add icons on the map and send the final design for approval. One round of edits can be made. Once the design is confirmed, the totes are printed and shipped!

The Fine Print

All designs are property of Maptote. We will send you artwork for approval before we print. We encourage input and feedback, though redesigns may lead to additional fees. We will notify you before any additional fees are applied. Ink color is the choice of the client and we may match any pantone color. Turnaround times are approximate and must be scheduled and confirmed with Maptote.

50% deposit is required upon commencement of design. Remainder is due before the totes are shipped. This is mandatory for all custom orders. Orders ship from our studio in Brooklyn, NY and shipping costs are not included within our pricing. All our totes are made in the USA – local to us in Brooklyn, NY!
