ROOTED

CBD Living brings sophistication and scientific rigor to the CBD extraction process, using our nanotechnology to ensure you receive the maximum benefits from each of our unique products.

1. Proprietary Water Soluble Nano Technology:

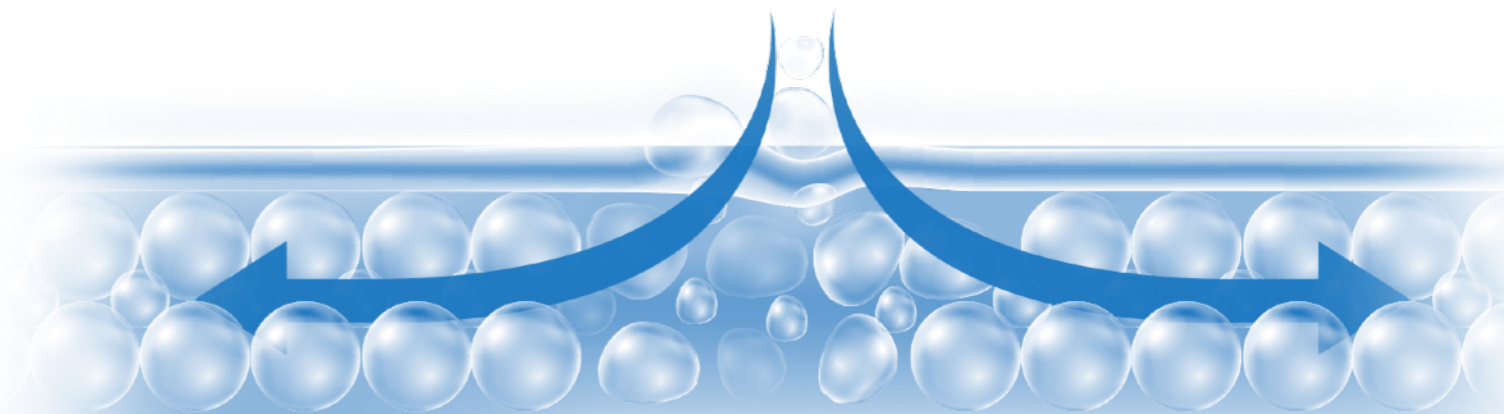

- Breaks down the CBD particle size to $< 100\text{nm}$, then homogenizes oil into water

2. Proprietary Self Emulsifying Nano Technology:

- CBD nanoparticles are carried directly from the lymphatic system to the bloodstream for fast relief

3. Proprietary Skin Retention Nano Technology:

- Solubilizing and enhancing skin technology that allows nutrients to both penetrate and remain on the skin

CBD Freeze

CBD Living Freeze is a cold therapy roll-on gel that can be applied locally to inflamed or painful muscles. Soothing menthol creates a “cooling” effect, while CBD penetrates the skin for immediate and sustained relief.

CBD Lotion

CBD Living’s proprietary Skin Retention Technology allows CBD and soothing herbs to better penetrate the layers of the skin, and stay on the skin longer, for lasting relief. Available in Amber Bergamot, Coconut Lime, Eucalyptus, Lavender and Unscented varieties.

CBD Bath Bombs & Bath Salts

Fill your tub with CBD, invigorating scents and natural moisturizers that will leave your skin feeling soft. Available in Amber Bergamot, Coconut Lime, Eucalyptus and Lavender.

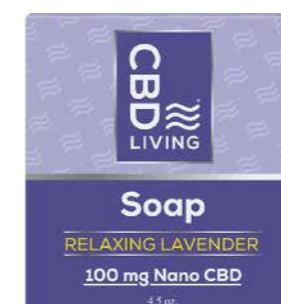

CBD Patch

CBD Living Patch is a transdermal patch infused with 60 mg of Broad Spectrum Nano CBD, which provides up to 96 hours of extended relief. This medical-grade adhesive patch is also hypoallergenic and latex-free.

CBD Suppository

CBD Living Suppositories deliver 50mg of organic nano CBD extract directly to the localized source of pain, and can be useful for ailments such as Irritable Bowel Syndrome (IBS), Crohn’s Disease, hemorrhoids, inflammation and menstruation pain.

CBD Soap

CBD Living Soap is made from 100% natural ingredients and coconut oil that will refresh and rejuvenate your senses. Available in Amber Bergamot, Coconut Lime, Eucalyptus and Lavender.

CBD BENEFITS

325
ROOTED

Stress & Mental Health:

In June, the Center for Disease Control & Prevention published a study finding that 40% of adults self-reported that they were struggling with mental health or substance use.

Consumers want to nourish and elevate:

Functional ingredients matter. Consumers are looking for CBD & THC products that contain additional vitamins, minerals and cannabinoids to enhance their overall health.

Switching to non-alcoholic alternatives:

Non-Alcoholic beer sales are projected to increase by 34%, while conventional beer sales are expected to decrease by 4%.

Cost Effective Entry Point:

Consumers can experience CBD benefits for just a few dollars.
