Reliable. Hardworking. Quality Products.

ALL DAY ROAD. ALL DAY ULTIMATE PROTECTION.

Inspired by hardworking truckers driving America's highways—from state routes to busy interstates; HighwayShield Grille Guards provide unmatched front-end protection. Built from durable 3" diameter 304 stainless steel, they shield your truck from road debris, animals, and minor collisions while delivering lasting performance.

With 13 rugged designs inspired by major interstates, HighwayShield combines bold style with practical functionality to suit every trucker's lifestyle. Radar-compatible R Series kits are available for select models. Choose from over 150 grille guard kits for Freightliner, Kenworth, Peterbilt, Volvo, and International trucks.

DURABLE CONSTRUCTION

Constructed from 3" diameter 304 stainless steel tubes, the grille guard ensures exceptional durability and maintains a brilliant shine, even after years of use. Available in a Matte Black finish on select models.

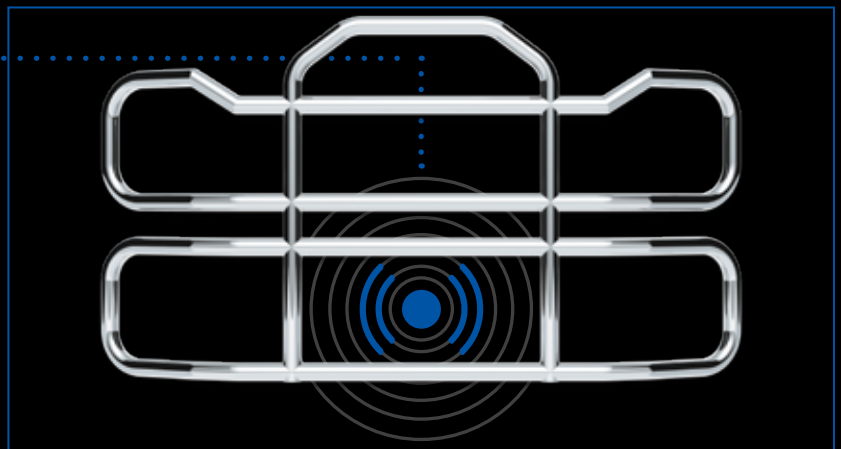

TILT-FORWARD ACCESS

Designed for convenience, the included bracket set allows the grille guard to tilt forward, granting easy access to the bumper, grille, and headlights while clearing the hood during opening.

RADAR COMPATIBLE*

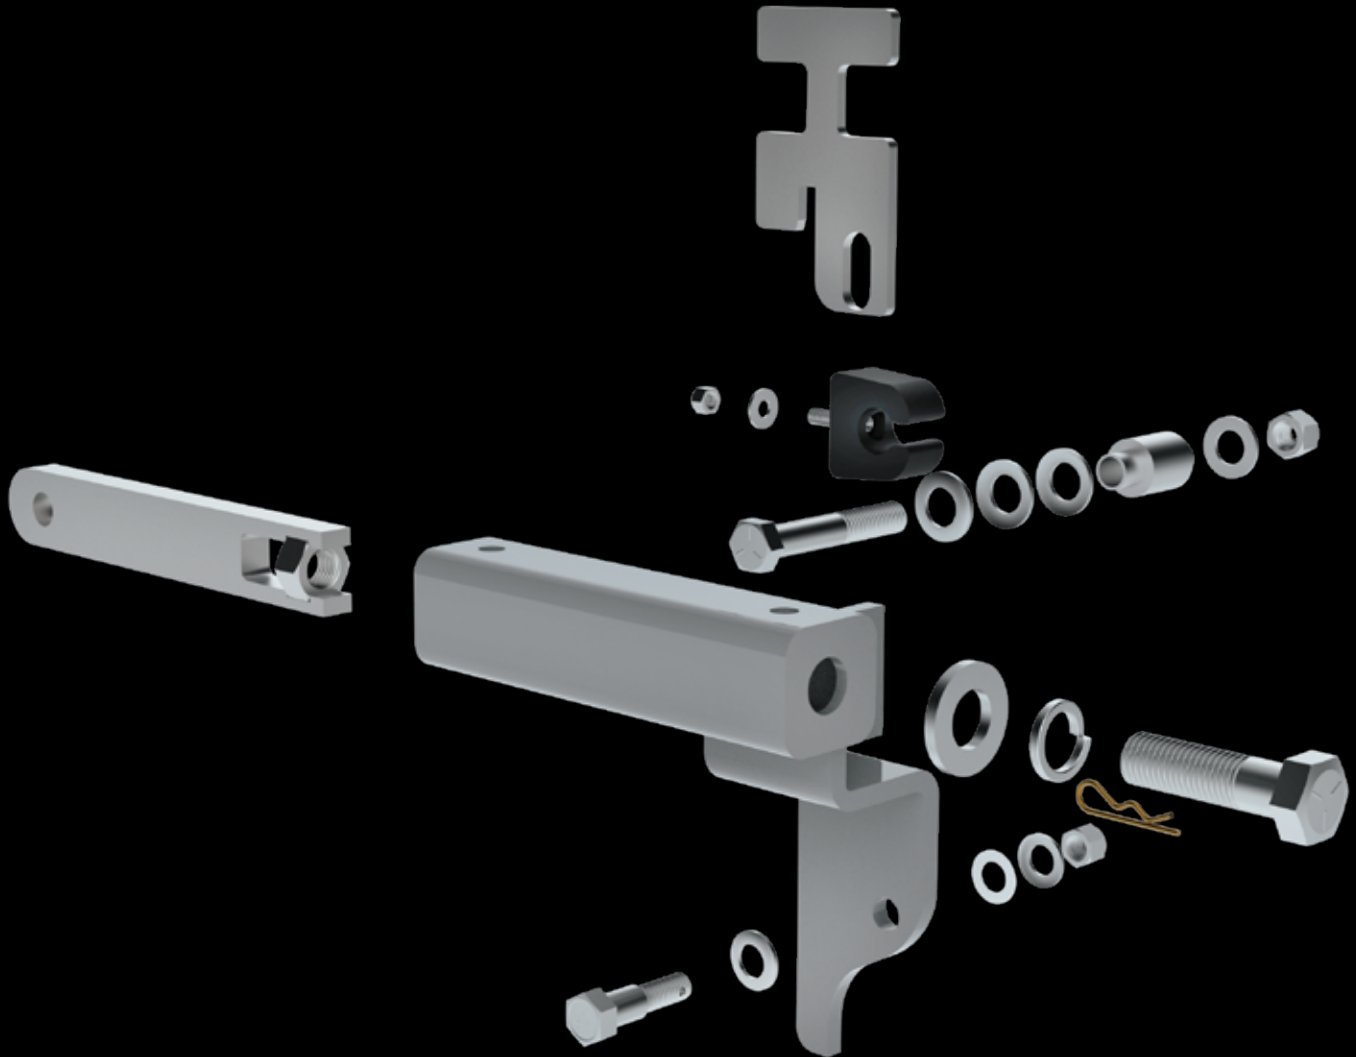

The R Series grille guards are specifically engineered for select makes and models, offering wider lower spacing to seamlessly integrate with electronic sensors, radar, and VORAD systems.

*Radar compatible HighwayShield Grille Guards apply exclusively to models with the R Series designation: I20 R Series, I25 R Series, I85 R Series, I95 R Series.

COMPLETE KIT. READY TO GO.

The HighwayShield Grille Guard's bracket kit is precision-engineered for easy and secure installation on every truck. Crafted from durable materials, the bracket set ensures a strong and lasting fit. Paired with a high-quality stainless steel grille guard and zinc-plated hardware, this kit is built for resilience and performance. Installation is straightforward with OEM tow hook receivers, providing a seamless setup*. For the installation manual and product details, visit the dealer portal.

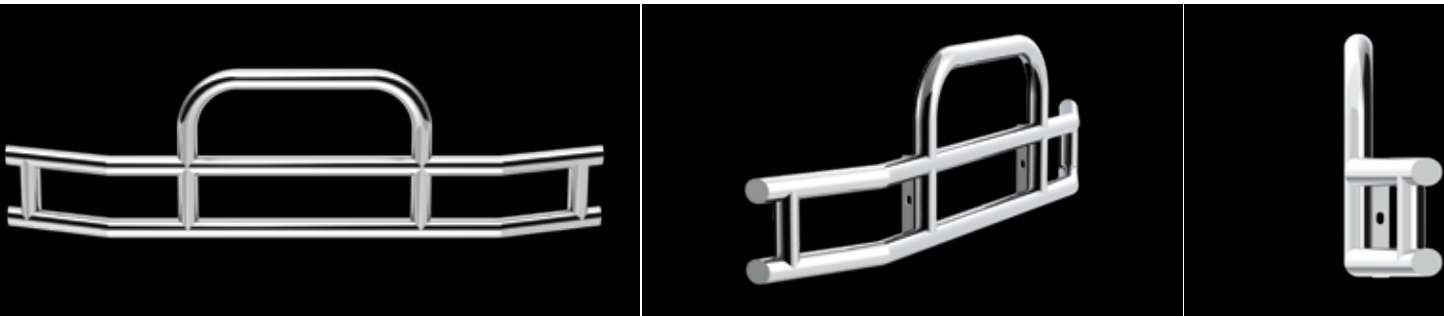

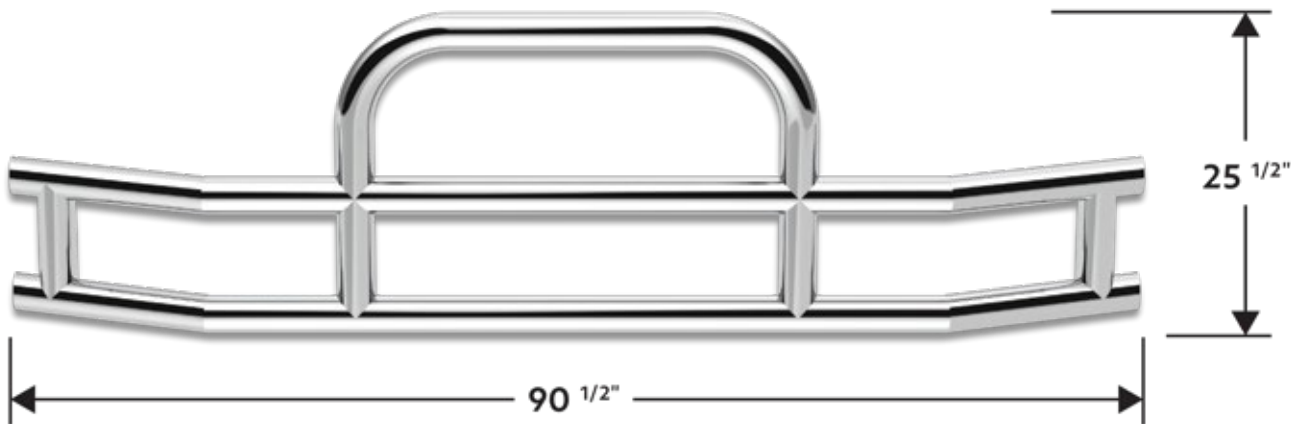

Scan the QR code to visit the HighwayShield Grille Guard page.

Grille Guard items won't count toward the prepaid freight minimum.
Freight charges as per zone map will automatically be added to the invoice.

*Access to tow hook receivers on the frame through the original bumper is required.

I10 SERIES

304 STAINLESS STEEL GRILLE GUARD & BRACKET KIT

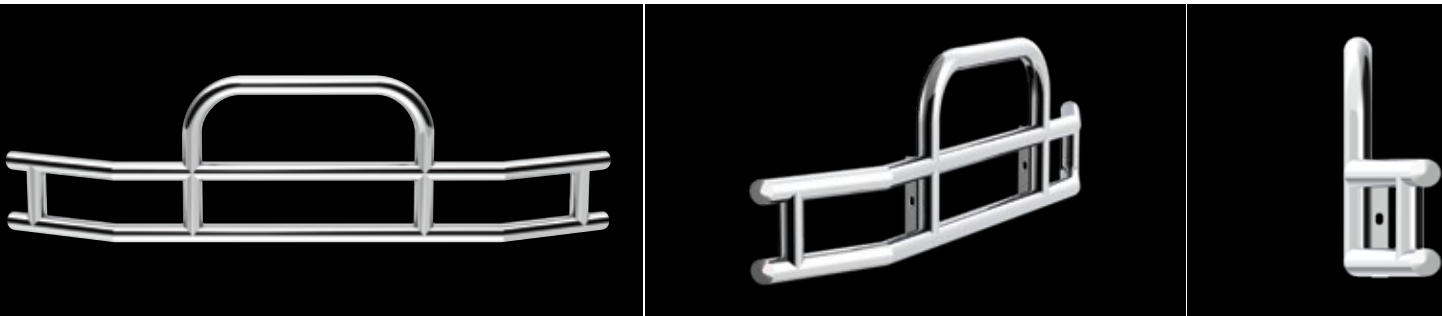

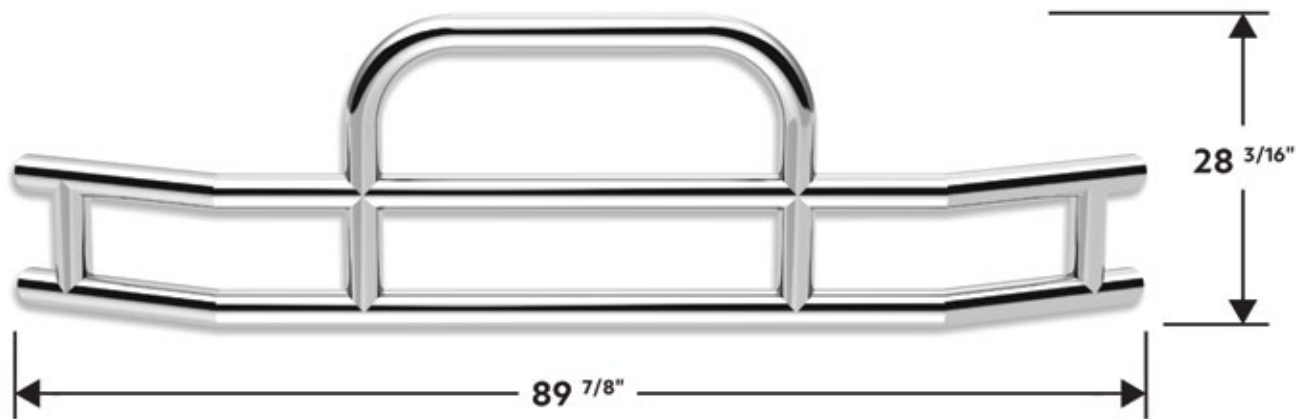

FEATURES

- 14 gauge, 3" diameter 304 highly polished stainless steel tubes for durability and long lasting shine.
- Formed and welded for superior strength to protect the bumper, headlights, and hood.
- Mounting bracket kit is durable steel construction with zinc plated hardware. Easy installation on OEM tow hook receivers.
- Bracket set allows grille guard to tilt forward for easy access to bumper, grille and lights, and clears hood when opening.
- Note: Installation requires access to tow hook receivers on frame through original bumper. If using aftermarket bumper, be sure that the tow hook receivers are accessible.
- Installation requires use of vehicles original tow hook pins/hardware.
- May not be compatible with trucks equipped with electronic sensors, radar, VORAD systems.
