LUXURY TARTAN RANGES

Create a *British heritage-inspired* interior with our tactile woollen-look fabrics Elgin and Nairn.

Elgin is the larger scale construct of the pair and the intricate fabric design consists of a dominating background hue that has been layered with *flecks of complementary colours* to obtain a stunning checked appearance.

Nairn is a smaller scale design of a simplistic *tone on tone check*, ensuring whether a statement or understated fabric is desired there is a scale option to suit both tastes.

LUXURY VELVET RANGE

Create a *vintage-inspired styling* with our exquisite range of deep-pile crushed sumptuous velvets *Elega*.

Velvet is an on-trend fabric that is currently prevalent within interior design. As Velvet is associated with *nobility* it can also give your space a feeling of *grandeur*.

It is an adaptable fabric that blends effortlessly with other plains or textures and the textured surface reflects light creating a spacious feel.

The range is complete with **10** colour options

the IMPORTANCE OF COLOUR

We recognise that **colour** has the ability to affect our moods which is why extensive research has gone into identifying particular shades that will create a positive ambience within your home.

Neutrals are the most *dynamic* colour grouping of all the fabrics as they have the capability to complement all shades on the spectrum.

Depending on the tone you choose, it can alter the mood created within your room.

Rich, deep neutrals can conjure a *welcoming atmosphere* with their warming nature.

Lighter, cooler shades can reflect light and open up a room to create a spacious feel.

Our stunning Harrogate range has a *shimmering stripe* overlay which can further produce an expansive feel.

GREYS & BLACKS

Greys & Blacks are on-trend colours and their sophisticated nature means they respond beautifully to both warm and cool shades.

They are unobtrusive colours and can be used with confidence in any room within your home.

Use in combination with a bright hue to create a *dramatic look* or pair silvers with muted shades for a *soft and soothing feel*.

Choose from our large assortment of blackened, warm or cool, pale, inky toned greys and blacks.

PINKS & PURPLES

Behold Beautiful Copper Blushes

Currently prevalent within interior design is the use of soft pastel pinks and purples, with particular attention being paid to copper blush pinks.

Pinks and Purples are unassuming colours that have connotations of nurturing and protection, which enables them to induce a comforting environment.

Try our chalky Avery Blush fabric to add a subtle glow of warmth to your home.

BLUES & GREENS

This year has witnessed *blues teaming up with zesty, citrus greens* to create an interesting colour combination within interior design.

Blues and Greens combined have the ability to inject vibrancy yet still evoke a calming ambience, as their base tones induce peace and tranquillity into a space.

They are *practical colours* that are entirely versatile throughout the home as their tones work harmoniously with any room styling.

To obtain a modern, *fresh-feel* use one of our stunning teals *Nirvana Cobalt and Sherwood Teal*.
