Beautiful headrail

For a luxury finish

Stylish accessories

Choice of coloured rail and endcaps to complement your blind

Easy to operate

Variety of operating methods to best suit your needs

Quick and simple to install

With a minimum of fuss

Live the life of *Luxury*

Slow-Rise

A sophisticated one touch operation for your Roller blind allows you to select the 'rise' speed and 'stop' position of your blind, for simple control at your fingertips. This option is child safe by design, giving you peace of mind.

P W E R S H A D E

For ultimate luxury and convenience, select the motorised option using a remote to control your blind. A quiet and smooth operation, the motor and rechargeable battery are both discreetly contained within the blind to maintain the stylish appearance. Powershade is also entirely child safe by design.

For safety & style.

Senses Slow-Rise, Tensioned, Wand Operation and Powershade systems have been designed to fully address concerns over safety.

Young children can be in danger of strangulation from the loops of pull, chain and bead cords. Make sure you have peace of mind.
