

NEUSIEDLERSEE, AUSTRIA

NESTOR WINE

The Stadler family has been operating their 39-hectare winery in Halbtturn within the Neusiedlersee region for more than 40 years. After developing his own winemaking style, Thomas Stadler took over for his parents, and in 2019, he joined forces with family friend & business advisor Günther Neukamp.

NESTOR produces truly special single-variety wines and blends that are shaped by the region's diverse terroir and unique Pannonian climate, which experiences hot dry summers, cold winters and low rainfall with a moderating influence of Lake Neusedl.

Thomas consistently strives for the highest quality in their production process. In their sustainably farmed vineyards, he applies strict yield reduction and only selects grapes of optimal ripeness. In the winery, he has perfected the gentle use of oak aging, resulting in wines full of character and depth.

GRÜNER VELTLINER

VINTAGE: 2023

COMPOSITION: 100% Grüner Veltliner

VINEYARD: Neusiedlersee DAC

VINIFICATION: Native yeast fermentation in stainless steel tanks
