

SURREY HILLS, ENGLAND

BEARE GREEN WINERY

Beare Green Winery was founded by Jimmy Smith, Sam Hill and Bethany Paterson in the cool climate of the Surrey Hills of England with their first vintage in 2022. The winery crafts small batch wines with utmost care and precision made of grapes sourced from the finest vineyards of Southern England. The focus is on natural yeast fermentation, minimal intervention and innovation and creativity in the winery.

There are two ranges of still wines produced: the clonal range and the spring range. The clonal range focuses on specific high-quality clones of Chardonnay and Pinot Noir, and the spring range focuses on varietals such as Pinot Blanc, Pinot Gris and Bacchus exploring concepts such as skin maceration and clay pot maturation.

We are thrilled to kick off this partnership with the release of the spring range, which employs creative winemaking techniques to craft a unique expression from the specific grape varieties.

'DIO' BACCHUS

VINTAGE: 2023

COMPOSITION: 100% Bacchus

VINEYARD: Fruit is sourced from a high altitude vineyard located in the beautiful Surrey Hills. The south-facing vineyard lies on free-draining loam at 125m altitude.

VINIFICATION: Hand-harvested and whole cluster pressed. Natural fermentation in stainless steel vats at cool temperatures. 10% of the blend fermented on skins for a week.

CLOSURE: Cork

ABV: 11%

ACIDITY: TBC

SUGAR: TBC

WHITE BLEND

VINTAGE: 2023

COMPOSITION: 55% Pinot Gris, 45% Bacchus

VINEYARD: The Bacchus is from a high altitude vineyard in the Surrey Hills and the Pinot Gris is from the West Sussex/Hampshire border. Vineyards on free-draining loam at 125m & 100m, respectively.

VINIFICATION: Hand-harvested, whole cluster pressed and vinified separately. Natural fermentation in stainless steel vats at cool temperatures.. 10% of Pinot Gris fermented on skins for a week.

CLOSURE: Cork

ABV: 11%

ACIDITY: TBC

SUGAR: TBC

BARREL FERMENTED PINK

VINTAGE: 2023

COMPOSITION: 100% Pinot Noir (Clone 386)

VINEYARD: St. Mary's vineyard in the hills north of Brighton on chalky soils. An ideal cool site for crafting complex pink wines from Pinot Noir.

VINIFICATION: Hand-harvested and crushed with 48-72 hr skin contact as the wine ferments in old French oak barriques at cool temperatures.

CLOSURE: Cork

ABV: 11%

ACIDITY: TBC

SUGAR: TBC
