

WETSUIT RECYCLING FORM

When we first started KASSIA+SURF it was a two-part mission; to create the best women’s wetsuits on the market and to develop a wetsuit recycling concept that allowed for a more sustainable solution at the end of a wetsuits life. We are excited to bring the second part of our mission into a reality with our Wetsuit Recycling Program. We’ve teamed up with Suga to create recycled yoga mats out of 100% old wetsuits and neoprene scraps from our cutting room floor. As friends, supporters, and lovers of this earth, we’re asking you to send us your old wetsuits to help us in keeping them out of landfills and giving us the opportunity to up-cycle them into new and useful lifestyle products. As a thank you for helping us make the world a cleaner place, we will give you a special discount to use on kassiasurf.com!
