Toe

Using your preferred method for toe up socks, CO 20 STS.
10 on top and 10 on bottom.

Great tutorial to watch:

<https://www.youtube.com/watch?v=gkyd3nq3Yn8>

ROW 1: K1, KFB, K to last 3 STS, KFB, K2. (This is worked on the top and bottom needles.) 4 STS increased.

Repeat ROW 1 four times more. (40 STS)

ROW 2: Knit all around (top and bottom)

Repeat rows 1 and 2 four times. (56 STS)

ROW 3: Repeat row 1

ROW 4: Knit

ROW 5: Knit

Repeat rows 1-3 two times. (64 STS)

Continue knitting until the foot reaches just to the front of your ankle.

Be sure to pull as taught as you would like the sock to feel on your foot as the Fleegle Heel starts more towards the center of your foot than a regular short row heel.

Fleegle Heel

Place 32 STS (half the total number of stitches) on 1 needle.

These stitches will be for the heel. To keep it simple, the gusset stitches that are being increased will be **NEEDLE 1**.

The instep stitches that will be split between the other 2 needles (**NEEDLE 2** and **NEEDLE 3**) will be knit only with no increasing. Increase **NEEDLE 1** to 2 STS less than the overall stitches. In this case there are 64 stitches overall; **NEEDLE 1** will be increased to 62 stitches.

ROW 1:

NEEDLE 1: K1, KFB, K to 2 STS before end of row, KFB, K1.

NEEDLE 2/3: Knit

ROW 2: Knit all needles.

Next, place a marker in the middle of **NEEDLE 1**. 31 STS on both sides.

ROW 1: Knit to 2 STS passed the marker, K2TOG, K1, TW.

ROW 2: SL 1 ST as if to purl, P to 2 STS passed the marker, SSP, P1, TW.

ROW 3: SL1, K to gap, K the ST before and after the gap together, K1, TW.

ROW 4: SL1, P to gap, P ST before and after gap together, P1, TW.

Repeat rows 3 and 4 until you have 2 STS on either end of needle. Knit to the last 2 STS, K2TOG, K1, DO NOT TURN, Continue knitting around, to **NEEDLE 1**; SL 1 as if to purl, K2, pass slipped ST over. (64 STS)

LEG

The Leaf design will take up approx 3 1/2". All depending on what length you want your sock you can decide when to start the leaf pattern. For my sock, I knit approx 6 rows before starting on the leaf. You can place your leaf wherever you like on your sock, I chose the sides. Place 13 STS within your markers.
