LANGUAGE CAMPS

Village Camps has developed an innovative and ingeniously crafted language-learning programme designed to fully engage the campers. An exciting range of projects, tasks, quizzes, competitions and games will inspire the interest and ensure the involvement of every camper. They will be having fun together in small groups and will soon be using the words and phrases that they have been learning each day.

- English Language in Switzerland, Austria, and England
- French Language in Switzerland.
- German Language in Austria.

LEADERSHIP TRAINING CAMP

The well-established, award-winning leadership programme in Leysin, Switzerland. This programme is ideal for campers who are 15-17 years old and ready for a mentally stimulating and engaging experience. The much-acclaimed LTC programme is designed to:

Build confidence.

Raise self-esteem.

Encourage
motivation.

Improve
communication skills.

Great Summers with Village Camps

Find the perfect camp and enjoy the innovative range of exciting speciality programmes

Village Camps has an impressive **52 years experience** of organising high-quality residential camps for young people. With thousands of campers from all over the world travelling on memorable Village Camps programmes

SPECIALTY CAMPS

ADVENTURE CAMPS

Thrilling adventure programmes are offered in each of the four countries where Village Camps operates. Each adventure camp has its own individual activities, but all boast the same meticulous, professional standards for which Village Camps is renowned.

SPORTS CAMPS

Football, Surfing, Tennis, Golf, Horse Riding and Multisport. Choose from a variety of different sports, all directed and organised by qualified coaches or instructors using fantastic facilities or the natural environment.

ART & TECHNOLOGY CAMPS

Based in York, the Performing Arts Camp is for those interested in theatre, focusing on acting, dancing, and singing. The programme combines all three disciplines with the objective of putting together a musical over the two-week session.

The established VC STEM-Robotics Camp – coding, technology, engineering, and mathematics is based in Leysin, Switzerland, and will challenge and fascinate campers interested in robotics, programming, and science.
