THE UNIVERSITY OF CAMBRIDGE

OXFORD  ROYALE

SUMMER SCHOOLS 2023

Discover Cambridge

The city of Cambridge grew around the university that had been established there in the 13th century. From its very beginnings, the city has been known as an outstanding place of research and learning. Today it is also home to Europe's largest cluster of high technology businesses. With its historic colleges, beautiful gardens and picturesque river, Cambridge attracts students and visitors from across the globe.

Students who come to Cambridge with ORA are following in the footsteps of the great and famous, including politicians, scientists, writers and business leaders.

Factfile

- 14 British Prime Ministers have studied at the University of Cambridge
- Affiliates of the University of Cambridge have received more Nobel Prizes than those of any other institution
- Cambridge can claim to be the birthplace of "the beautiful game" as the first football game was played there
- Prince William and Catherine are known as the Duke and Duchess of Cambridge and say they have "immense pride at being associated with Cambridge".
- The discovery of the structure of DNA was announced in a Cambridge pub

The Cambridge Experience

Oxford Royale students reside and study within the colleges of the University of Cambridge, soaking up the history and culture of the place where the very key of life was discovered.

Our students benefit from the true Cambridge undergraduate experience, absorbing life in the teaching rooms, dining halls, gardens and libraries of their college home.

As they share dreams and aspirations, our students are inspired for their future education and career choices, and make memories to cherish for the rest of their life.

Ancient and Modern

Cambridge offers an exciting experience for visitors of all ages, who can quickly immerse themselves in its history and culture.

Visit other colleges of the University of Cambridge - there are 31 altogether. Famous sights greet you on every corner, such as King's College with its stunning chapel, the Bridge of Sighs and the Mathematical Bridge across the River Cam, and the Fitzwilliam Museum, housing over half a million historical artefacts from all around the world.

Don't forget to take a punt along the River Cam for the classic Cambridge boating experience.

The Experience

Realising True Potential

Every student has unique skills, strengths and dreams, and our role is to mentor and guide them, to introduce and explore new concepts, to inspire them and help our students realise their true potential.

Many young people are capable of exceptional academic, personal and commercial success, but they are simply not aware of opportunities available to them. By offering a taste of quality higher education, multi-cultural experiences and innovative subject matter, we can help them to identify their strengths, passions and ambitions.

The Very Best Teaching

Our teaching brings out the very best in every individual through small class sizes, an emphasis on interaction, and one-to-one mentoring. All courses include workshops, seminars, discussion groups, practical work and lively debates. Our outstanding, talented faculty develop and run future-focussed courses to help drive students towards ambitious goals, motivating them to achieve more than they ever believed possible.

At Oxford Royale, students stretch the boundaries of traditional education by trying innovative activities such as making robots, live debates, pitching a business idea, and exploring modern research techniques in a medical laboratory.

Many of our alumni have continued their studies at some of the top universities in the UK and the US, such as Oxford, Cambridge, Princeton and Berkeley, and have gone on to great careers and to make tremendous contributions to industry and research.

Join a Global Community

We believe that global awareness, varied cultural experiences and broad international networks are key to carving a truly strong and successful path in a highly competitive world. Oxford Royale's summer schools offer exactly this.

The Oxford Royale experience gives students the opportunity to connect with and befriend like-minded peers from around the world. The cultural enrichment activities, social events and excursions that we offer outside the classroom include treasure hunts, city tours, sporting activities and, the grand finale of each course, the graduation ceremony.

Our aim is for all students to have a life-changing experience full of fun!

A Typical Day of Learning and Discovery

9am

Morning class begins with an inspirational lesson from a member of our exceptional faculty. Students will also have the opportunity to get one-to-one support from teaching staff to aid their academic growth.

10:30am

The second lesson of the day aims to motivate students with a lecture exploring key themes and issues, from a faculty member or a visiting industry expert.

12:30pm

Enjoy a leisurely lunch with friends or take a walk around campus in the sunshine. Older students can venture into the city to explore the many coffee shops and cafés that Cambridge has to offer.

1:30pm

Back to the classroom for a masterclass or practical lesson. Students can get hands on in their field of study, through dissections, building a robot or editing a day of filming. There will also be the opportunity to develop job interview skills, and a CV workshop.

3pm

Time for some cultural exploration! Students have the opportunity to explore the beautiful city of Cambridge on a walking tour, marvel at the beauty of King's College Chapel, visit the Fitzwilliam Museum or just settle back and glide down the river in a punt.

6pm

Dinner in your college with friends and faculty. Students can dress up in their finest for a candlelit, three-course dinner during a traditional Formal Hall on Fridays.

7pm

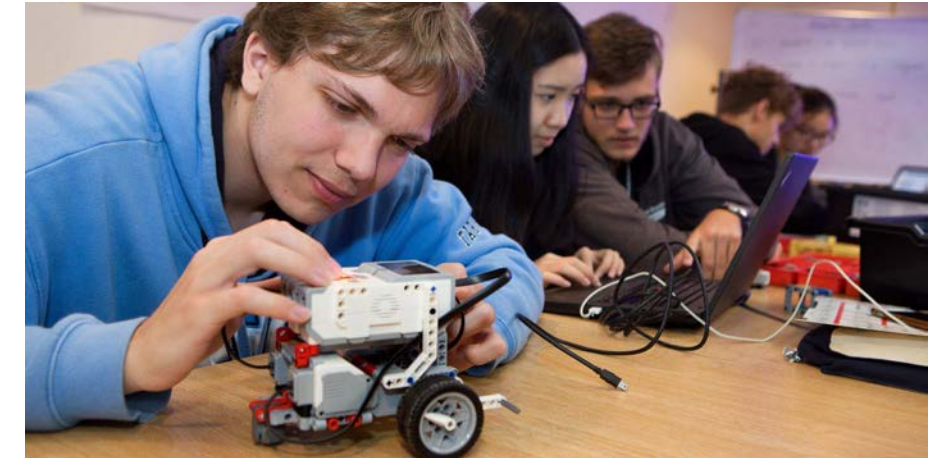

Students can enjoy evening activities on and off campus. They can test their knowledge in a Cambridge Quiz challenge, get competitive with a games night, or hear all about Cambridge's spooks on a Ghost Tour. After an evening of excitement, it's time for students to start winding down for the evening, ready for the next day with Oxford Royale!

Courses in Cambridge

For further detail on our courses, visit www.oxford-royale.com/courses

Cambridge Summer School (Ages 13-15)	2nd July	16th July	30th July
Explore Business, Innovation & Entrepreneurship Leap into the exciting world of business, finance, and marketing. “When I first got there, Cambridge welcomed me with her magnificent buildings and added to this was ORA staff’s warm greetings. ORA made me feel fulfilled, accomplished, safe and motivated. All in all, if you want to have your voice heard and experience a lot of turning points and milestones, join ORA!”

Serly, Armenia

Applying for a Place

How to apply

The quickest and easiest way to enrol on one of our award-winning summer schools is via our secure booking system, available at apply.oxford-royale.com

Our online application form takes a few moments to complete and requires the name and details of the student enrolling as well as those of the person paying the fees. All applications require selection of subject, location and dates.

We require payment of the relevant deposit at the time of booking. A credit or debit card payment is preferred, but other options are available on request.

If there is space on the chosen course, the place will be confirmed immediately by SMS and email on receipt of the deposit payment.

Login details for the Oxford Royale Portal are also sent on receipt of the deposit. The Portal is where our students manage their booking, and find all the information they’ll need for their course.

Our Admissions Advisors are available for enquiries and questions via email admin@oxford-royale.co.uk or by phone on **+44 (0) 1865 954 800**.

Early booking is advised to ensure availability on the course and venue of choice.

“A cultural experience in a town with a very academic atmosphere. You will make long-term friends and learn important skills from your courses. An overall brilliant experience.”

Domantas, Australia

“A once in a lifetime experience at Clare College in beautiful Cambridge. The timetable was very well structured and there was always a choice of interesting activities to participate in. Very professional and motivated staff who have a genuine understanding and interest in teenagers.”

Sara, Canada
