YALE UNIVERSITY

OXFORD  ROYALE

SUMMER SCHOOLS 2023

Discover the Ivy League

Embrace the magic of the Ivy League with Oxford Royale at Yale University.

Oxford Royale's summer school gives ambitious students a taste of undergraduate life at one of the top universities in the US, combining rigorous academic study with an exciting enrichment programme to create an outstanding summer experience.

At Yale, Oxford Royale students follow in the footsteps of Nobel laureates, Pulitzer prize winners, US senators and Supreme Court justices, and stars of stage and screen.

Factfile

- Yale is the third oldest university in the US and is consistently ranked in the top ten universities in the world
- The international student body consists of nearly 3000 students representing 123 countries
- Academy Award winners Edward Norton, Paul Newman, Meryl Streep and Lupita Nyong'o all studied at Yale
- US Presidents George HW and George W Bush studied at Yale, as did Gerald Ford and both Bill and Hillary Clinton
- Benjamin Silliman, the first person to distill petroleum, was one of the first professors of science at Yale College and a renowned science educator

The Yale Experience

Oxford Royale students reside and study within the colleges of Yale University, surrounded by reminders of the many famous alumni who have studied here - scientists, politicians, business barons, inventors, writers and more.

This is an invaluable opportunity to live life as a Yale undergraduate, in an institution dedicated to sharing knowledge, expanding young minds, inspiring innovation and training the world's next generation of leaders.

As our students learn about new possibilities and share their dreams and ambitions, they are inspired to aim high and reach for the clouds. Yale is the perfect place to make memories to cherish.

A Taste of US Culture

New Haven is one of the oldest cities in the United States, immersed in history and the prestige of a world-famous university.

The best way to tour New Haven is on foot, and, since the histories of New Haven and Yale University are thoroughly intertwined, our summer school includes a comprehensive tour of Yale's large, welcoming campus. Downtown, foodies will find international cuisines, including the "world's best pizza", and shoppers will discover treasures at the one-of-a-kind shops and boutiques.

We'll take a trip to New York, the "Big Apple", a city buzzing with an energy like no other. With some of the world's most recognisable sights - from the Statue of Liberty to Central Park and Times Square - there's an Insta-worthy photo opportunity on every corner.

The Experience

Realising True Potential

Our unparalleled educational model is all about partnership. Every student has unique skills, strengths and dreams, and our role is to mentor and guide our students, to introduce and explore new concepts, to inspire them and help them realise their true potential.

Many young people are capable of exceptional academic, personal and commercial success, but they are simply not aware of opportunities available to them. By offering a taste of quality higher education, multi-cultural experiences and innovative subject matter, we can help them to identify their strengths, passions and ambitions.

The Very Best Teaching

Our teaching brings out the very best in every individual through small class sizes, an emphasis on interaction, and one-to-one mentoring. All courses include workshops, seminars, discussion groups, practical work and lively debates. Our outstanding, talented faculty develop and run future-focussed courses to help drive students towards ambitious goals, motivating them to achieve more than they ever believed possible.

At Oxford Royale, students stretch the boundaries of traditional education by trying innovative activities such as making robots, live debates, pitching a new business idea and discussing the premise for their first novel.

Many of our alumni have continued their studies at some of the top universities in the UK and the US, such as Oxford, Cambridge, Princeton and Berkeley, and have gone on to great careers and to make tremendous contributions to industry and research.

Join a Global Community

We believe that global awareness, varied cultural experiences and broad international networks are key to carving a truly strong and successful path in a highly competitive world. Oxford Royale's summer schools offer exactly this.

The Oxford Royale experience gives students the opportunity to connect with and befriend like-minded peers from around the world. The cultural enrichment activities, social events and excursions that we offer outside the classroom timetable include treasure hunts, city tours, sporting activities and, of course, the grand finale of each course, the graduation ceremony.

Our aim is for all students to have a life-changing experience full of fun!

A Typical Day of Learning and Discovery

9am

Morning class begins with an inspirational lesson from a member of our exceptional faculty. Students will also have the opportunity throughout their course to get one-to-one support from teaching staff to aid their academic growth.

12:30pm

Enjoy a leisurely lunch with friends or take a stroll around Memorial Quadrangle under the watchful gaze of the famous Harkness Tower.

1:30pm

Back to the classroom for a masterclass or practical lesson. Students can get hands on in their field of study, learning about advanced robotics, the process of a legal trial, or how to bring a new business proposition to market. There will also be the opportunity to develop job interview skills, and a CV workshop.

3pm

Time for some cultural exploration! Yale is home to the magnificent Beinecke Rare Book and Manuscript Library, housing the 15th century Voynich manuscript, a manuscript that has defied all attempts to decipher its 240 bewildering pages.

6pm

Dinner is a time to catch up with friends and share the day's discoveries. With so many new experiences every day, there is plenty to talk about as students relax and plan the evening ahead.

7pm

Evening activities both on and off campus give students a taste of life in the US. Options might include watching a football or basketball game, going bowling or simply eating at a classic American diner. After an evening of excitement, it's time for students to start winding down for the evening, ready for another day with Oxford Royale!

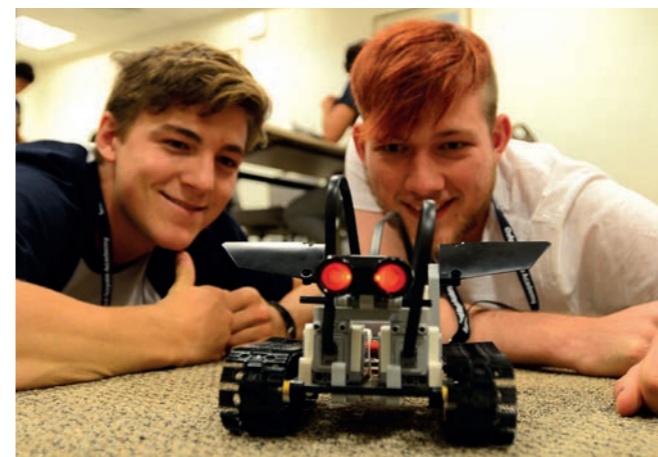

Courses at Yale

For further detail on our courses, visit www.oxford-royale.com/courses

Yale Summer School (Ages 16-18)	2nd July	16th July
Designing Tomorrow: Engineering, Robotics & Technology Investigate the emerging technologies that are shaping the future. Providing a broad foundation into engineering principles and fields, this course will inspire students to take on the future's grand challenges, from alternative energy to advanced robotics and beyond.	●	●
Inventing the Future: Business, Innovation & Entrepreneurship Sharpen creative thinking, business modelling, presentation and leadership skills by researching, designing and marketing new business ideas. This comprehensive immersion into business principles, innovation methods, and entrepreneurial thinking enables students to incubate ideas and accelerate them into a value-creating business.	●	●
Creative Arts Accelerate a range of writing, photography and journalistic skills in the dynamic and exciting world of creative arts. This unique course merges classic creative writing techniques with emerging technology to revolutionise blogging, podcasting and digital design capabilities.	●	●
Law & Trial Advocacy Academy Experience the legal process and learn about case preparation, cross-examination and witness preparation. This course helps to strengthen critical thinking, communication, and rhetorical skills through legal case studies and a mock trial simulation.	●	●

“A campus where you need to study and you discover a lot of interesting things about the lessons you have chosen. It is a way to discover how a such important university like Yale works.”

Emma, Italy

Applying for a Place

How to apply

The quickest and easiest way to enrol on one of our award-winning summer schools is via our secure booking system, available at apply.oxford-royale.com

Our online application form takes a few moments to complete and requires the name and details of the student enrolling as well as those of the person paying the fees. All applications require selection of subject, location and dates.

We require payment of the relevant deposit at the time of booking. A credit or debit card payment is preferred, but other options are available on request.

If there is space on the chosen course, the place will be confirmed immediately by SMS and email on receipt of the deposit payment.

Login details for the Oxford Royale Portal are also sent on receipt of the deposit. The Portal is where our students manage their booking, and find all the information they'll need for their course.

Our Admissions Advisors are available for enquiries and questions via email admin@oxford-royale.co.uk or by phone on **+44 (0) 1865 954 800**.

Early booking is advised to ensure availability on the course and venue of choice.

“The other students were open minded and it is a great opportunity to meet new people. The teaching staff did a great job at all the classroom activities and helped us to develop as a group but also as Individuals. The extra-curricular activities were a lot of fun and I enjoyed every single one.”

Ben, Brazil

“I was able to explore what strengths and weaknesses I thought I had, and modify them accordingly to where I have decided to pursue for the nearing university life and beyond that. It helped me become more confident in my skills and allowed me to work on my areas for improvement. All in all, I would recommend the Yale Summer School for everyone because the experience is definitely worth it.”

Cathryn, Philippines
