

LET CIBI CATER YOUR NEXT EVENT!

CIBI creates simple fresh food made with loving care that feeds body and soul.

At the heart of CIBI cooking and eating we hold dear a handful of core beliefs that touch every step, from the selection of ingredients through to savouring the last grain of rice on our plates.

Using local and seasonal fresh produce from our favourite farmers, we use a fresh approach to simplicity to make nourishing meals with a touch of Japanese flavour. Dishes are fresh, balanced, beautifully presented and delicious.

From simple office catering or picnics, to more elaborate pre prepared banquets, we would love to create a menu for your next event.

BANQUETS
