Vehicle Compliance Waiver

Your Full Name or Company Name if reseller: _____

Street Address: _____

City: _____ State/Province: _____

Zipcode/Postcode: _____ Country: _____

I, (name or company) _____ acknowledge that I am purchasing products from RNJ Performance LLC. I understand that the parts of the vehicle to be installed are not compliant with Federal and State regulations or city ordinances and regulations. Thus, using the vehicles with these modifications or upgrades is not applicable for road use. I take full responsibility to ensure that anything worked on my vehicle shall be compliant to the applicable rules and regulations, particularly with regard to safety and emissions.

I acknowledge and declare that I have been made aware that the parts purchased or to be purchased are **not worthy for public road use** and **may only be used for competitions such as racing or off-roading**.

I hereby release, waive, hold harmless, and forever discharge the RNJ Performance LLC, its officers, directors, staff, affiliates, and assigns, from any liability, injury, damages, claims, expenses, or responsibility that may be caused or alleged to be caused, in whole or in part, by my action, fault, omission, failure, breach, or by condition by which this transaction may cause.

Signed,

Your Signature or Signature of Company Representative

Before making your purchase, we kindly request that you carefully review and acknowledge the following important points:

1. Intended Use: Our products are designed specifically for vehicles intended for competition or race events on closed courses. Any usage on public roads or on vehicles not intended for competition is strictly prohibited by federal and state regulatory agencies.

2. Purchaser Acknowledgment: By proceeding with your purchase, you confirm the following:

- You intend to install this product on a vehicle designed exclusively for competition or race use, limited to closed courses.
- You have reviewed and ensured compliance with your local laws, ordinances, and regulations related to EPA (Environmental Protection Agency) and CARB (California Air Resources Board) guidelines. It is essential to be aware that altering or modifying a motor vehicle pollution control system without an EO # (Executive Order Number) is illegal.

3. Legal Consequences: In California and cooperating states, installing non-CARB approved parts on a pollution-controlled vehicle may lead to actions by the DMV, such as revoking vehicle registration and failing smog inspections. Law enforcement may issue citations for using illegal aftermarket parts, potentially resulting in the seizure of your title and license plate.

4. Federal Clean Air Act: WARNING - FOR CLOSED COURSE COMPETITION USE ONLY. NOT INTENDED FOR STREET USE. THE SALE, USE, OR INSTALLATION OF THIS PRODUCT MAY ALSO BE ILLEGAL NATIONWIDE UNDER THE FEDERAL CLEAN AIR ACT (42 U.S.C. § 7522(A)(3))

5. Product Claims: RNJ Performance does not make any claims or representations regarding parts lacking CARB certification with an Executive Order, and we do not assert that such parts are legal for use on public roadways. Our products are explicitly designed for use in competition on closed courses and are labeled as "**RACE USE ONLY**" or "**TRACK USE ONLY**".

By proceeding with your purchase, you acknowledge and understand the terms and conditions outlined above. RNJ Performance and its distribution network cannot be held responsible for your independent decision to install or use this product. Please ensure strict compliance with all relevant laws and regulations in your area.
