# Macrame Plant Hanger

## You will need:

- About 27m of 5mm 3ply Rope (we used Burgundy color)
- Wooden circle (optional)
- Scissors
- Hook or a place to hang the ropes

## You will be using:

- Square knot
- Gathering knot

## How to cut the ropes:

- 8 x 300cm
- 2 x 120cm

Length of the finished plant hanger: 90cm

It will fit a pot with a diameter: 12-16cm

## Step 1

Start working on your plant hanger by hanging 8 pieces of rope 300cm each on a wooden circle. Make sure they are hung evenly.

## Step 2

Then grab 120cm rope and tight a gathering knot.

If you don't have a wooden circle, you can hang the ropes directly on the hook.

## Step 3

After making the knot, you can cut off two ends of the cord you used to make a gathering knot.

## Step 7

Measure 50cm from the wooden circle.  
Take 4 ropes (2 from each previous knots), make alternating square knot. Thanks to the fact that we will weave it alternately, a net will be created that will keep the pot stable.

## Step 8

Make 3 more alternating square knots in the same way.

Right now your plant hanger should look like in the picture above :)

## Step 9

Measure 5cm from the last row of square knots.  
Grab the ropes shown above and make 4 square knots.
